JAPANESE DECIDE TO RAISE IMMENSE WAR FUND BY TAXATION

TOKIO, March 2—The parliamentary elections are proceeding quietly. The final returns are expected to reach Tokio by Saturday. Few political meetings preceded the elections, domestic politics practically being forgotten.

The Diet will meet late in March to vote on war measures. It is anticipated that the entire program of the Government will be cordially approved, and it is expected that the session will be concluded within ten days.

The Cabinet met in extraordinary session today and discussed war taxation measures for submission to the Diet. It is now planned to increase by 70,000,000 yen the amount to be raised by taxation. The income tax on land probably will be doubled, the taxes on spirits and tobacco increased and some new taxes created.

RUSSIAN CONCENTRATION ON YALU RIVER.

HORRIBLE DEATH OF BADEN.

Mangled by Fall in Elevator Shaft in Store.

SAN FRANCISCO, March 2.—Samuel Baden, manufacturer of ladies' waists and dress skirts was killed at an early hour this morning at his place of business, 112 First street by being precipitated down an elevator shaft.

No one about the place saw him enter the building, as he came before the doors were opened for business.

His bruised and bleeding body was found by an errand boy.

It is believed that his death was accidental, but the police are investigating the matter.

JAPS TRY TO BLOCKADE VLADIVOSTOK.

Ships Appear Before the Harbor But are Considered Too Light to Be Effective.

ST. PETERSBURG, MARCH 2.—A DISPATCH FROM VLADIVOSTOK, DATED TODAY, SAYS THAT, ACCORDING TO PRIVATE REPORTS RECEIVED THERE, THREE JAPANESE DETACHMENTS OF 800 EACH RECENTLY LANDED AT CHIUNG CHAN, KOREA, ABOUT 130 MILES NORTH OF WON SAN, WITH THE SUPPOSED OBJECT OF REACHING THE VALLEY OF THE TUMEN RIVER AND THREATENING HUN CHUN, MANCHURIA, NINE MILES NORTH OF THE KOREAN BOUNDARY AND ABOUT EIGHT MILES WEST OF VLADIVOSTOK.

A FLEET OF TEN JAPANESE WARSHIPS WAS RECENTLY SIGHTED ON THE HORIZON OFF VLADIVOSTOK. THEY WERE BELIEVED TO BE RESERVE VESSELS, NOT POWERFUL ENOUGH TO BLOCKADE VLADIVOSTOK OR ENDANGER THE RUSSIAN FIRST-CLASS CRUISERS, WHOSE BASE IS THAT PORT.

NINE STORY BUILDING FALLS TO EARTH.

Eleven Persons Crushed to Death and Number of Workers Are Injured.

NEW YORK, March 2.—A nine-story building in the course of construction at Forty-sixth street and Sixth avenue, collapsed today. Ambulances have been summoned. The entire building, which was being erected for hotel purposes, is said to have collapsed.

BOILER EXPLOSION.

A boiler explosion caused the collapse. According to the police, five dead and twenty-five injured have been taken from the ruins. All the dead and injured, as far as known, were workmen employed on the building.

Coroner Scholes says that eleven men, all probably dead, are buried in the ruins. Great crowds have gathered and the police reserves from the neighboring stations have been summoned.

Fire Chief Croker stated that he believes from fifteen to twenty men are buried in the ruins.

The building in collapsing crashed through the kitchen and dining room of Patterson's Hotel on West Forty-seventh street, adjoining in the rear.

Both rooms were wrecked and a guest and a waiter were buried in the debris.

As the salvage corps pulled down the remnants of the west wall screams were heard from the ruins, and it is thought that a number of injured will be found beneath the sidewalk on that side.

Rev. Father McKinnerty ventured down into the wreckage to give absolution to the pinioned men supposed to be dying there.

It is reported that a woman guest of the Patterson Hotel named Mrs. E. Dodge was killed.

Two men fatally hurt have been taken to Bellevue Hospital. Their skulls were fractured.

TROOPS LANDING IN NORTHERN KOREA.

PARIS, March 2.—Information reaching here from official sources shows the Japanese concentration of troops is going on extensively in the neighborhood of Ping Yang, Korea. Large forces are debarking at nearby ports from which it is assumed that an extensive landing arrangement is imminent in Northern Korea.

FLOOD OF 1862 AT STOCKTON

Twenty-Three Thousand Acres of Land Under Water.

STOCKTON, Cal., March 2.—A special telephone message to the Mail this afternoon from M. D. Eaton at Terminus said Boulding Island, comprising 8000 acres, 1800 of which is asparagus, and the reclamation district No. 548, of 15,0000 acres will surely be under water by night, and he expressed the belief that the backwater would reach and inundate a large portion of Stockton.

He declared that the flood of 1862 would be duplicated. No live stock will perish, as people have been preparing for the flood for several days. He asked that a steamer be sent down immediately, as people were anxious to get away. Mr. Eaton declares that the whole Middle River country will be under water without question.

EASTERN WEATHER.

CHICAGO, March 2.—Temperatures at 7 a. m.: New York 34; Boston, 28; Philadelphia, 36; Washington, 32; Chicago, 26; Cincinnati, 36; St. Louis 42.

VIOLENCE FEARED IN STRIKE.

BAGGAGE DRIVERS JOIN IN THE WALK OUT OF TRUCKMEN.

KANSAS CITY, Mo., March 2.—Drivers of baggage wagons of some of the local transfer companies went out today without warning and joined 800 truck drivers who struck yesterday. There is a possibility that all union drivers in the city, numbering 3000 may go out in sympathy with the truck drivers. Most of the men now out are negroes. Violence is feared unless the strike is soon settled.

DICK NOW WEARS HANNA'S TOGA.

COLUMBUS, Ohio, March 1.—Chas. Dick was declared elected to the United States Senate at the conclusion of the joint ballot of the two Houses for both the short and long term.

AN OUTSIDE MAN TO TAKE HODGKINS' PLACE.

Commissioners Have Decided to Supersede the Present Chief of Police With a New Man.

It is quietly whispered around the City Hall that the Police and Fire Commissioners have definitely decided to retire Chief of Police S. C. Hodgkins and elect another head for the department. Whether Hodgkins is to be reduced to the ranks or given one of the captaincies cannot be ascertained.

The City Hall quid nunes also have it that Hodgkins is not to be succeeded by either Captain Wilson or Captain Peterson, but that a man at present connected with the police force will be chosen. The commissioners are said to be canvassing a list of eligibles for the position.

It is said that they feel convinced that the good of the service requires an entirely new man at the head of the police department. Who this new man will be has not yet been decided on.

GRIFFITH CASE NEAR THE JURY.

Ex-Gov. Gage Makes Closing Speech for State.

LOS ANGELES, March 2.—This afternoon ex-Governor Henry T. Gage is concluding his address to the jury on behalf of the State in the Griffith trial, and the case will be given into the hands of the jury some time before evening.

A great crowd heard the closing of the case today, the court room being jammed and packed with spectators long before the hour of opening.

At nine o'clock Major John T. Jones of counsel for the defense, renewed his argument, commenced the previous evening. After an hour's summing up, he concluded and was immediately followed by Mr. Gage.

The plea of the latter was eloquent and forceful. He reviewed the essential points of the great mass of testimony adduced in the three weeks' trial, and ridiculed the defense's argument of insanity. He went carefully over the evidence given by expert witnesses and pointed out that the great preponderance of it showed that the defendant was undoubtedly sane.

The case throughout has been one of the most bitterly fought ever tried in Los Angeles county, and public interest in the outcome is intense.

SAWYER REPORTS CHINA QUIET.

WASHINGTON, March 2.—Commander Sawyer of the gunboat Helena which is amid dock at New Chwang, China, in a cablegram to the Navy Department today from Yin Kow, reports everything quiet in that vicinity. He adds that the price of beef is very high.

WALTERS SUICIDES WITH MONEY IN POCKETS.

Suicide of Drink-Crazed Borax Man Witnessed By Geo. L. Price of Alameda.

STOCKTON, March 2.—Albert J. Walters of Los Angeles jumped from the steamer Captain Weber this morning on its way up from San Francisco, and was probably drowned.

George L. Price of Alameda states that Walters said he had been on a spree for five days, and was so afraid that he would harm himself that he offered Price $100 to remain with him all night. He seemed to have plenty of money. He also asked Price to inform his wife in Los Angeles and a sister, Rebecca Walters, in Randallstown, Md., if any harm came to him.

Early in the morning, dressed only in his trousers and a silk shirt, and apparently suffering with delirium tremens, Walters suddenly jumped from the cabin window.

A search was made for him on the boat, but without avail. One of the steamer's employes declared that he had seen Walters take a life preserver.

According to Price, who left for Oakdale today, Walters was well dressed and seemed well-to-do. He gave his age as 36, and said he was employed with the Pacific Coast Borax Company.

Price, who is a member of the firm of Price & Son, Alameda photographers, says that Walters took his money with him when he jumped from the window.

Price declares that he gave the alarm at once, but the boat was not stopped and no attempt was made to rescue Walters. One of the deckhands declared that he had seen Walters go over the wheel, which, if true, would cause his death almost instantly.

The authorities are investigating.

REPAIRING BREAK BY FLOOD.

RECLAMATION DISTRICT No. 535 EXPERIENCES LOSS OF ONLY $10,000.

SACRAMENTO, March 2.—This afternoon the trustees of Reclamation District No. 535 held a meeting at which specifications for closing the Edwards break, prepared by County Surveyor Boyd, were adopted. Bids for the work will be received next Sunday morning at 11 o'clock. It is estimated that the cost will be in the neighborhood of $10,000.

MORMON CREED AS FACTOR, NATIONAL POLITICS.

First Congressional Inquiry of the Kind in the Contest Over Senator Smoot.

WASHINGTON, March 2.—The investigation to decide whether Reed Smoot of Utah is to retain his seat in the United States Senate and incidentally define the political status of the Mormon Church, was formerly begun today before the Senate Committee on Privileges and Elections.

CREEDS IN POLITICAL CONTESTS.

Great interest attaches to the hearings because of the dual purpose of the inquiry. Other investigations have been directed at the rights of certain contestants for seats in Congress, but, never before has there been inquiries into creeds and political factors to determine whether an unlawful influence is being used in the affairs.

Such is the nature of the Smoot inquiry and at the opening session today it was conceded the hearings would extend over several weeks and precipitate a contest in which noted legal talent will fight every inch of the way.

MORMON PRESIDENT.

Interest increased with the announcement that Joseph F. Smith, president of the Mormon Church would be the first witness, and, in all probability, occupy the attention of the committee for two or three days.

The attorneys for the defense, A. S. Worthington of this city, and Waldemar Van Cott of Salt Lake, Utah, arrived early and engaged in consultation with their client. John G. Carlisle, former Secretary of the Treasury and R. W. Taylor, former Representative in Congress and the attorney who prosecuted the successful contest against Brigham H. Roberts retaining his seat in Congress on the ground of his violating the anti-Polygamy law, are the counsel for the protestants. Half a dozen witnesses, nearly all of them officials in the Mormon Church, occupied seats in the rear of the large committee room.

SMITH ON THE STAND.

Quite a number of ladies were in attendance and watched the proceedings with interest. Chairman Burrows, after ascertaining by roll-call that a quorum of the committee was present, directed Mr. Taylor to proceed with the case.

Mr. Tayler announced his readiness to proceed and asked that President Joseph F. Smith be sworn. After that had been done Franklin S. Richards, a Salt Lake attorney, stated that he was present as an adviser of the witnesses in the event any improper questions were asked.

SMITH AS PROPHET AND SEER.

The first question asked brought out that Mr. Smith is president of the church and was born in Missouri in 1838 and went to Utah in 1848, and always has been in the church.

Mr. Taylor asked Mr. Smith if he was a prophet, seer and revelator.

The witness said he was "So sustained."

Further questions along the same line brought out the statement that he received his powers by reason of the position he holds in the church. He said the apostles of the church were "sustained" in the same powers as prophets, seers and revelators. He was asked to name his predecessors as president of the church and gave them in order back to the first president, Joseph Smith Sr. The witness said he sustains the same power as his predecessors.

A question directed to the presidency of the church brought out the following list of concerns of which he is president:

Mr. Smith said that the first presidency is president of the church and two high priests or counsellors and that the twelve apostles are next in authority. The presidents are elected by the council and apostles, but he believed, and it is taught that the presidents are really chosen by Divine revelation, and they are endowed with the authority of the holy priesthood by authority direct from God. He said the apostles might elect to their number in the event of a vacancy, but that they could not go contrary to the wish of the presidency.

Smoot also said he was president of Zion Cooperage and Mercantile Company with a capital stock of more than one million dollars; State Savings Bank of Utah, Zion Savings Bank, Utah Sugar Company, Consolidated Wagon and Machine Company, Utah Light Railway Company, Salt Lake and Los Angeles Railway Company, Salt Air Beach Company and Salt Lake Knitting Company. He said he was president of a number of other small concerns, the names of which he could not recall and that he is a director of the Union Pacific Railway Company; editor of the Improvement and Juvenile Instruction and president of official of a number of mining companies. A list of first presidency, or twelve apostles, governing the church, was read by Mr. Tayler and identified by Mr. Smith.

This list included the name of Reed Smoot.

REVELATIONS.

In regard to the revelations, the witness said the church holds that any elder may receive a revelation for his own guidance.

"Mr. Smoot may receive a revelation direct from God?" asked Mr. Tayler.

"For his own guidance, yes," was the answer.

In response to direct questioning Mr. Smith said only those revelations to the President which had been presented to the church and accepted by the members were binding on them.

UNBELIEVERS UNCHURCHED.

Mr. Overman wanted to know what happened to those who did not believe in the inspired revelations.

"Were they unchurched?" he asked.

"They unchurched themselves," was the response.

After more direct questioning concerning the rights of church members to reject revelations, Mr. Tayler put the situation in this form:

"May the members of the church say to you: 'We deny that God has told you to tell us that, and we will not receive your revelation?' Could that occur in the church?"

"It could," was the reply.

"Has this ever been done?" asked Mr. Hoar.

"Not that I know of."

"Now, that is just what I have been calling attention to," said Mr. Hoar. "The witness says 'Not that I know of.'"

Turning to Mr. Smith he remarked that the answer expressed doubt and more pointedly he asked the witness:

"Has the church ever rejected any of your revelations? Have any of the revelations to the President been rejected?"

"May I say a word on that first?" asked Mr. Smith.

Smith stood up and was noticeably concerned as the trend of the questioning. In an extended explanation of the relations the members of the church bear to those in high authority. Among other things, he said:

MORMON PRACTICE.

"The members of the Mormon Church are among the freest, most independent people of all the Christian denominations. They have freedom of speech, freedom of thought; they are not all united on every principle of the church; they are not expected to be. They are entitled to their own conception in regard to the principles of their church, their conception of what appears to them to be the right or the wrong. So long as one accepts God and his opinion is not in conflict with the accepted standards of the church he enjoys following the church. He who denies God, he who commits adultery or steals or lies or bears false witness against his neighbors in any way or goes contrary to the cardinal principles of our Christian religion, is compelled to withdraw. But one who is honest, virtuous, believes in God and has a little faith in religion is nurtured, though he may not believe in the church in all that it teaches.

PLURAL MARRIAGES.

"In that book (Mr. Smith pointed to one of the volumes that has been introduced early in the proceedings) is a revelation on plural marriages. Not 3 or 4 per cent of the entire membership of the church have entered that state. All the rest have abstained from plural marriages and many thousands have rejected the principle entirely."

Senator Dubois remarked:

"I notice that you say many thousands rejected the doctrine of plural marriages. Do you mean that they never practiced plural marriage, or that they declared against the doctrine?"

Mr. Smith answered again that many thousands in the church had declared against the principle of plural marriage as given to the church as a revelation from Joseph Smith Jr.

To bring out the effect of refusing to subscribe to the teachings of the church, Mr. Hoar asked a number of questions and Mr. Smith said:

PRINCIPLE OF REVELATION.

"The principle of revelation is the fundamental principle of the church."

"Have you ever received such a revelation direct from God?" asked Mr. Tayler.

"I never said I had received a revelation except that God has shown me that Mormonism is God's divine truth," said Mr. Smith.

"How has God shown you that?" asked Mr. Burrows.

"By inspiration."

Mr. Smith described the accepted theory of the revelation of the principle of polygamy to Joseph Smith Jr., saying that an angel in black had appeared unto him. He said revelations had not come to him in that form, but that he had received direct revelations from God by inspiration.

At this point, Mr. Bailey said he assumed that all of the testimony being brought out in regard to the religion of Mormonism had some sound relation to the influence of the church in civil affairs and that unless he was assured of that he would object.

CONGRESS AND RELIGION.

"For my part," he said, "I do not think Congress has anything to do with religious affairs, and would like to know the purpose of the direction that has been taken in the proceedings."

Mr. Tayler answered that the prosecution would attempt to show that the church directs affairs of State, politics, and, in fact, all matters, and consequently the method of procedure was necessary. No further objection was made.

The committee adjourned until 2 p. m. and Mr. Burrows announced that hereafter the hearings would be held every day until concluded, beginning at 10:30 o'clock. An executive session of the committee was ordered to determine on certain lines of conducting the case.

At the afternoon session Mr. Smith was again on the stand.

Before proceeding, Mr. Hoar said he wanted to understand one more point in regard to the revelations, and that was whether women members of the church were permitted to vote on questions of acceptance or rejection of revelations. Mr. Smith answered that women voted on all of these matters.

It was brought out that the Supreme Court decided in 1878 in the Reynolds case that plural marriages as practiced in the Mormon Church are polygamous, and Mr. Tayler asked whether the church accepted that ruling of the Supreme Court.

Mr. Smith answered that the law question was finally passed upon in 1889 and that since that time he had no knowledge of any plural marriages taking place. Before that time and since the Reynolds decision, he said, he probably knew of some such marriages.

In answer to a question, Mr. Smith said that prior to 1862, when the plural marriages in the church were declared by the church to be constitutional, polygamy had been practiced "In a limited way."

Mr. Beveridge inquired concerning the reasons for the line of questioning concerning polygamy, as he said he understood Mr. Smoot was not charged with being a polygamist.

Mr. Tayler explained that he wanted to show that the demands of the church are such that it might affect Mr. Smoot's allegience to the United States.

Mr. Worthington said that the line of questioning was following out matters on which there was no dispute and which are admitted by his client. At the same time, he said, the questions relating to a man's private beliefs and convictions are more improper and that if he were attorney for Mr. Smith he would advise him to decline to answer.

The Senate Committee on Privileges and Elections has decided that great latitude should be allowed in examining witnesses in the Smoot case, which is against the contention of Mr. Smoot's attorneys.

FIGHTING FLOOD FOR LIFE NEAR STOCKTON.

Wreck and Ruin on Some of the Most Favored Spots of San Joaquin Valley.

STOCKTON, Cal., March 2.—There is a battle of waters in progress in the northern part of this county. The rush and roar can be heard for miles, accompanied by peals like cannonading. J. J. Fimental says the water came across the Brack tract in a white wall a foot deep. He saved his family and a few provisions.

FIGHTING FOR LIFE.

On the Brack tract levees and other levees in the vicinity, there are several families encamped with little children and ranch hands, about sixty people all told. Many of them had narrow escapes from the rushing waters.

The Frankenheim Brothers, who own the Brack tract, removed the refugees, and another steamer has been sent out to get what household effects they saved.

Word from the reclamations to the west of Stockton this morning is anything but reassuring.

At Bouldin Island it was stated that there was a fighting chance, but if the back water from the Sacramento did not soon find an outlet Bouldin Island would be flooded and the loss would be great to crops and to property.

The Sargent track is reported to have gone under this morning. It comprises many thousands of acres and the loss is severe.

ADMITTING NEW STATES.

PRESIDENT FAVORS TWO SISTERS OF FOUR PRESENT ASPIRANTS.

WASHINGTON, March 2.—President Roosevelt, in the last week, has had several conferences with Senators and Congressmen, who are interested in the proposition to create new States.

It is believed to be the President's solution of the problem that two new States be created, one from Oklahoma and the Indian Territory and one from the Territories of New Mexico and Arizona.

In this respect he is in agreement at least so far as Oklahoma and the Indian Territory are concerned, with the Senate Committee on Territories. The idea of the creation of only two States does not meet the approval of the people in the territories and their objection to it may delay Statehood legislation.

It is pointed out that it is not urged by the President that all the people, including Indians, in the Indian Territory shall be admitted as citizens immediately, but that gradually, as the Indians become qualified for citizenship, they may be accorded the rights of citizenship and that eventually, perhaps the Indian Territory may be made into a separate State.

LAST HONORS TO C. P. MORROW.

AFFECTING FUNERAL AT ALDEN WITH MANY FLORAL TRIBUTES.

The funeral of George P. Morrow was held today from the Alden Emanuel Presbyterian Church on Forty-ninth street.

The Rev. Dr. Winther officiated at the ceremony.

Numerous beautiful floral pieces were sent by the friends and by various clubs to which the deceased belonged. Among the floral pieces that were particularly beautiful were those from the Elks, Athenian and Reliance Clubs.

After the impressive funeral services had been concluded, the remains were forwarded to San Francisco, where they were cremated.

The honorary pall-bearers were Charles Laumeister, Frank Somers, Joseph Magner, William Baehr, Leonce Sheldon, Dr. H. P. Carlton, Henry Kuntz and M. Brare.

ANNUAL OPENING OF SHELL MOUND PARK.

The twenty-fifth anniversary and grand opening of Shell Mound Park, Emeryville, will be held next Sunday. There will be shooting and bowling for cash prizes from 10 a. m. until 6:30 p. m. and dancing will be enjoyed from 1 p. m. until 6 p. m. There will be singing by several singing sections and the affair promises to be a great success. A large number of invitations have been issued.

H. R. M'NOBLE RETURNS.

STOCKTON, Cal., March 2.—H. R. McNoble, grand president of the Native Sons of the Goldest West, has just returned from an official visit to every parlor in the State from Stockton to Mexico.

The purpose of his visits was to submit certain propositions regarding the proposed celebration at the St. Louis Fair on Admission Day, September 9.

DEATH OF MRS. LUTHER.

Mrs. Agnes Luther, a resident of this city died yesterday in Stockton. She was aged 50 years. Her remains will be forwarded to this city for interment. The funeral will be held March 5.

MASSACRE DUE TO STOLEN LAMP.

SIMPLE CAUSE OF LATE NATIVE UPRISING IN GERMAN KAMERUN.

BERLIN, March 2.—The rising of native troops in the Cross and Nsasanang rivers region of German Kamerun, West Africa, resulting in several factories of the Northwest Kamerun being burned and four Germans killed, as announced in these dispatches Monday, was caused by the eccentric conduct of Count Von Pueckler and was directly due to the theft of a lantern from the Northwest Kamerun Company.

Von Pueckler, who was the Government's District Commissioner, was reputed to be a quiet and sensible administrator, having sound knowledge of native ways and character. He formerly was an employe of the Northwest Kamerun Company, but had been recently employed by the government.

Herr Schoeller, president of the company, received in December last a long letter from Count Von Pueckler regarding the stolen lantern concluding with the assertion that he intended to make the property of white men respected by burning five villages.

Herr Schoeller inferred from the violence of the language of Von Pueckler that the latter was deranged, and wrote both to the Count and to the agents of the company, commanding that nothing be done over so trivial a matter, saying that the company, for the first time, was about a pay a dividend and adding that the good will of the natives must be cultivated.

Herr Schoeller's letters arrived too late. Count Von Pueckler, with twenty-five men, tried to arrest the head men of one of the villages, but the Count was killed and his escort, with difficulty, escaped. During the next few days, the company's factories on the Cross river were burned down and four agents were killed. A punitive expedition has now arrived in the hostile district.

Count Von Pueckler, it appears from information subsequently received by Herr Schoeller, had recently given way to fits of fury against the negroes, attributable to the state of his health as a result of his long residence in the hot climate of equatorial Africa.

RUSSIA ACTIVE ON THE BALTIC.

ACTIVITY MAY MEAN THAT BOATS ARE GOING TO GO THROUGH CANAL.

ST. PETERSBURG, March 2.—According to a special dispatch from Port Arthur, twenty Chinese have been arrested there for signalling to the Japanese ships from ashore with flashlights and lanterns.

A warning has been issued that similar offenders will hereafter be treated as spies and shot.

Although it is denied that the present plans of the Admiralty contemplate the dispatch of either the Black Sea or the Baltic fleet to the Far East, it is beyond question that both are being prepared with the greatest haste to meet any emergency. General Alexaiev, the artillery specialist, and Admiral Verkhosky have been inspecting the ships and crews of the Black Sea fleet and work on the warships is being pushed night and day.

The battleships Boradino and Orel and the transport Kamtchatka are nearing completion at the Admiralty dock yards here. In the dead of night the ice-bound Neva is like an Arctic landscape, lighted for half a mile by the flare of blazing stacks, the silence broken by the din of drumming hammers.

The battleship Boradino must be taken to Cronstadt to receive her armor and it is reported that the ice breaker Ermak, will be brought to cut a channel to the arsenal there. The battleship Alexander III at Cronstadt is already and the Russian fleet recently at Jibutil, French Somaliland, is returning so that when spring opens, Russia will have an imposing naval array in the Baltic.

About 800 volunteer workmen have left here to work at the dockyards at Port Arthur and Vladivostok.

ALL BUTCHERS MAY GO ON STRIKE TOMORROW.

Men in Two Shops Have Already Gone Out and Others May Follow Example.

The general impression prevails that the butchers all over the city will go out on a strike tomorrow. There will be a meeting tonight of the Butchers' Union to decide what action shall be taken.

The employes have already gone out at Rothamel's market, 369 Telegraph avenue, and also from Kohler Brothers' market, 741 San Pablo avenue.

The cause of the strike is that the men demand a raise in wages as well as that the shops in which they are employed conform to the new union schedule.

The butchers get a minimum weekly wage of $16 and now demand an increase of $2 a week. They also want a ten-hour day and demand that no boys shall be employed beside cash boys, thus giving a regular apprentice a chance.

APPRENTICES.

The apprentice wages have not been changed and they will get the same weekly salary as they are now getting.

A first year's apprentice at present receives $10, a second year $12 and a third year $14.

The demand that only union men be employed will not be complied with by several of the markets. Rothamel will not listen to the union's call nor will Kohler Brothers. As a result, the butchers in both markets are out.

BECKER'S MARKET.

At Becker's market the men have not yet struck, but in case of the whole Butchers' Union being ordered out tomorrow the big market will probably be put to much inconvenience.

EMPLOYER TALKS.

"I will not raise my butcher's wages one cent," said a prominent market man to a TRIBUNE reporter. "The men are getting good fair wages as it it. I am asked to sign an agreement calling for $18 a week for an indefinite period. Tomorrow a demand might be made on me to increase again. I can't do it without a loss. As for union butchers, I will not agree to employ them solely. If I can get a good man, whether he is union or non-union, I shall employ him. It is not because a man belongs to a union that he must be accepted as qualified. The union butchers have acted all along as though they were 'boss' and not their employers."

BUTCHERS' VIEWS.

The butchers themselves do not consider that their salary is sufficient for the long hours. A ten-hour day is too long to work unless a proportionate wage is forthcoming, they say. Thirteen hours they are compelled to work on Saturdays and there is no overtime. They feel justified in asking for the two dollars increase and say that $18 is in no way extortionate. They only want pay for labor performed.

OUTSIDE VIEWS.

A union man, not a butcher, expressed his opinion that the butchers were forcing matters a little too strong.

"I am a union man and believe in the union," he said, "but I think that the men should let well enough alone. I am thoroughly acquainted with the present situation and think that the wages now received by the butchers are good, fair wages and enable the men to live well. I have heard that there will be a general strike tomorrow and understand that the men will not go back until their schedule is complied with."

It would seem that the proprietors will not meet the schedule and that a general strike will come.

Many butchers are now receiving $18 a week and some good butchers from $21 to $25 but the whole question revolves around the non-union employes.

DENDERAH COLLIDES ON WAY TO FRISCO.

SAN FRANCISCO, March 2.—A cablegram from Hamburg to the Merchants' Exchange this morning states that the German steamer Denderah, bound for this port with merchandise, was injured in a collision recently. Her bows were badly injured and new bow plates will be necessary. The repairs will take about a week.

RUSSIAN CRITICISM OF UNITED STATES.

ST. PETERSBURG, March 2.—The Novoe Vremya today prints an editorial on the "Anglo-Saxon rejoicing in England and America at the reports of Japanese victories," in which it says:

"OAKLAND BOOSTERS" ORGANIZE WITH UNEXAMPLED ENTHUSIASM.

Citizens Pledged to "Knock Knockers" and Work Ceaselessly to Enlighten the World as to Oakland's Advantages.

The Oakland "Boosters" Club had a meeting last night at the rooms of the Oakland Board of Trade. To a large extent those who assembled were persons who went on the recent Board of Trade excursion to Los Angeles and formed what is intended to be a club that is to speak well of Oakland upon any and all occasions. The idea was one of the results of the trip. In Los Angeles they had nothing but words of praise for everything there from everybody. Although but an oasis in the desert with not one-half the natural advantages of this city, to the Los Angelean god had made everything a little better there than elsewhere. Constantly talking this way to themselves and the outside world they have come to believe it and have gone a long way towards making the world believe it.

GOOD WORDS FOR OAKLAND.

Last night's meeting was for the purpose of strengthening an organization having for its object the spreading broadcast of good reports of Oakland. It was deemed unnecessary to do more than merely to tell the truth. The meeting was an enthusiastic one. Before its close A. C. Henry had offered to take $2000 in stock of a corporation to build a fine hotel in this city and when it was completed he would make the corporation a present of the stock.

Mr. Henry said he had been called a silurian but said "that's the kind of a silurian I am. What kind of a silurian are you?" He said that he had listened to the speeches and had heard the same kind of talk for thirty-five years but what was needed now was action.

HOGAN'S OFFER.

Hugh Hogan, who had just preceded Henry in making a few remarks offered to give $1000 towards such an enterprise. This is a matter which is to be pursued further by the "Boosters' Club."

CALLED TO ORDER.

The meeting was called to order by A. D. Coplin who was unanimously elected chairman of the meeting.

Dr. H. B. Mehrman was elected vice president and Walter Fawcett, secretary.

"BOOSTING" ON THE WALLS.

Secretary Edwin Stearns had been busy placarding the rooms with signs, some of which read, "Booster First."

"Have you signed the 'Boosters'' roll of membership yet? Call an usher and sign now."

"Every member of the Oakland Board of Trade is a 'Booster' in the most practical sense of the word. Are you?"

"Committee — membership — EVERYBODY. That's you."

"If you can't say a word of Oakland without jarring your conscience, mention that fact to the committee of 'The Rope.' They have a sure cure for such a malady."

"If you did not enjoy yourself on the trip to Los Angeles, just mention that fact to the Committee of 'The Rope.'"

COMMITTEE OF "THE ROPE."

The Committee of "The Rope" has for its function the duties of an overwilling and anxious sergeant-at-arms. It had its origin on a side excursion out of Los Angeles to Catalina Island. On the voyage over, to while away the time, it was agreed that every one should tell a story or sing a song or contribute a $1 to some charitable institution. Ben C. Johnson, V. L. Fortin and Robert Howden, constituted themselves a committee to see that each member of that party fulfilled the agreement to the letter. They armed themselves with a rope with a noose at one end and any refusal to comply for a contribution brought the committee into life and activity. It was at the meeting last night with its rope and no member of the excursion's party refused to address the meeting when called upon.

BOOSTERS' BY-LAWS.

President Coplin read the by-laws of the "Boosters' Club," which had been drawn up as follows:

"Article 1. Any resident of Oakland or vicinity, having the welfare of the city at heart, may become a member of the Oakland 'Boosters' Club' if approved by the membership committee, on signing the by-laws of said club.

"Article 2. The requisite qualifications for membership shall be that the applicant can prove to the membership committee that he or she speaks favorably of Oakland whenever opportunity affords.

OBLIGATION.

"Article 3. Any applicant for membership in the Oakland 'Boosters' Club' who cannot subscribe to the following agreements shall be declared ineligible to membership:

"'I do hereby agree to use my voice, services and means for the advancement of Oakland.

"'I will protest against all defamatory utterances, when directed against Oakland, when spoken within my hearing.

"'I will not only endeavor to 'boost' Oakland whenever opportunity affords by stating its manifold opportunities to others, but will myself evince a greater interest in the prosperity of Oakland than I have heretofore.

KNOCK A KNOCKER.

"'Article 4. If I cannot 'knock a knocker,' either by a good tongue lashing or by an exhibition of physical force, I will hand his or her name to one possessing either a larger vocabulary or stronger arms than myself.

"'I hereby subscribe my name to the above and agree to speak well of Oakland at all times and upon all occasions, and to do all in my power to advertise Oakland in such manner as will attract capitalists, home-seekers, manufacturers, professional and business men to become residents of this city and thereafter to join the Oakland 'Boosters' Club.'"

The by-laws were adopted with a yell.

A colored plan of the proposed water park to be built between Fallon street and the canal between Lake Merritt and Eighth street was presented to the Oakland Board of Trade by Charles Heeseman.

MEMBERS HEARD FROM IN LETTERS.

The following communications from members of the club were then read:

'Edwin Stearns, Esq., Secretary Oakland Board of Trade—Dear Sir: Your card asking me to be present at meeting of the Oakland 'Boosters' received.

"I regret that prior engagements will prevent me from attending, but I am with you in spirit and know that you are starting the right kind of a movement. Encourage the habit of talking of the good things we have, and if we have anything bad don't publish it, but redeem it as quickly and quietly as we can. Oakland has a location unequaled by any on the coast. Let's talk up its beauty by developing its possibilities. Yours very truly, GEORGE W. DORNIN."

HANG TOGETHER."

'Mr. Edwin Stearns, Secretary Board of Trade: I regret that I shall be unable to attend the meeting at our rooms tonight. The exchange of reminiscences of the recent trip of our members to Los Angeles will no doubt afford both amusement and profit, and I should like to be with you, but just at present it is not prudent for me to go out evenings.

"I presume the formation of the social 'Committee of the Rope' will be to see that we all 'hang together' certainly an easy movement to get our citizens to unite so that with one accord they can labor to build up Oakland. I want to be enrolled in.

"I believe that the recent trip will be valuable in this respect and that the excursion will prove to be one of the best things our Board of Trade has ever undertaken. Sincerely yours,

"'K. H. CHAMBERLAIN."

PERSISTENT "BOOSTING."

'To the Oakland Boosters:

'Gentlemen: I sincerely regret my inability to attend this initial meeting of your gathering—a gathering which should result in a permanent combination of all citizens of our fair city having the welfare of Oakland at heart.

'We certainly have derived great benefit from our excursion to Los Angeles and I hope we have learned to value our own blessings the more.

"Then let us all work for Oakland. Gentlemen, I am with you. Yours for persistent and energetic boosting.

"EDWIN MEESE."

It was then announced that it would be in order for expression of the views of those present as to what could be done to further the work they had begun and to relate what they had seen on the recent excursion which they believed would be of benefit.

MAKE OAKLAND FAMOUS.

M. J. Fletcher, secretary of the State Board of Trade from San Francisco made a short address and said: "I like the spirit shown here this evening. It is indicative of energy and I believe that such an organization as this can be an immense power for good. With every body 'boosting,' I don't believe it will take long for an organization of this kind to make itself felt throughout the country, and will spread the fame of Oakland over the world."

OAKLAND BEST OF ALL.

Councilman Elliot was called upon and compared the city recently visited with Oakland. He had seen the garbage crematory there and had poked and examined everything there to see if it was not a fake and had come home more than ever pleased with the city of Oakland he called "home."

Councilman Fitzgerald pledged his support to any move the club might wish to further.

ANGELS' "FLIGHT" OR "SLIDDE."

Coroner H. B. Mearmann amused the audience with a half-serious descriptive of what could be done by talking about things. He spoke of the "Angels' Flight" at Los Angeles. He had heard of it and everybody there wanted to know whether he had been on it until finally one night he went to see it. He explained that, in the day time, the "flight or slide" was an ordinary dry mountain. At night, however, an electric car could be seen going up and down the steep declivity. This was the "slide." One man ran the whole concern. You paid your fare, took a seat in a little car and went to the top and back again. He guaranteed the audience that it, in no way, compared to the view and magnificent ride that could be had by going to the top of Mt. Tamalpais or the heights of Piedmont.

He spoke of their sea gardens at Catalina, viewed through the glass-bottom of a boat and assured the auditors that there was just as much to be seen by rowing around Goat Island in such a boat if any one would take the trouble to invest in one.

Magnolia avenue, a famous drive at Riverside, was far inferior to the ride from Oakland to Haywards, and the road was not as good. But what he said he wished to point out was that there every one was talking about what they had there and "boosting." This was where he believed the "Boosters" Club could do a world of good.

USE LUNGS TO SHOUT.

B. C. Capwell, one of those boosters who was unavoidably detained from taking the Los Angeles trip, praised last night's demonstration. He declared the meeting, by Dr. Mehrmann's presence, was the best attended inquest of "knockers" Alameda county ever will see. Oaklanders' advantage over the southerners, that the local citizen has one more lung, was pointed out by Mr. Capwell, who urged that we utilize the advantage in shouting for Oakland.

OAKLAND "THE BEST."

"The Good Accomplished by Our Southern Trip" was the title of a short speech by Secretary Stearns. "Oakland has come out of her trance," said he. "We have got together now, and that's what the city has needed for years. In Los Angeles everything is 'the best' according to the willing character of the southern city. They are unanimous in shouting the praise of their municipality. We want to get $100,000 from the Government and then we can do something with our harbor. Two years ago we had 125 members of the Board of Trade. The number has been slowly growing, but since this trip 65 members came in in a bunch, and that means $65 per month more to advertise Oakland. The total membership today is 350."

FIRST IN CALIFORNIA.

Judge Samuels was called upon to address those present. He regretted his inability to visit the south on the recent excursion, but stated that on a previous occasion he visited the city and could echo the remarks of Councilman Elliot—only the Judge met a snow storm. He had to hire a cab, he said, to cross Spring street because the city had experienced an inch of rain. Oakland, he declared, should be the first city of California.

Speeches in the same strain were made by H. E. Dodge, M. J. Kelly, Fred L. Button, J. P. Taylor, Councilman Walker, F. C. Turner and E. W. Frost.

Songs were sung by Harry Perry and Robert Howden with alacrity at the suggestion of "The Rope" Committee, and the meeting adjourned to meet March 15.

THEY ACTUALLY DO THE WORK.

Food Eaten Is Worthless Unless Digested—Some Stomachs Must Have Help.

Food taken into the stomach which, from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement as far as it goes and a great many dyspeptics go only this far with their reasoning. They argue with themselves that because their stomachs do not do the work given them, they must be given less work; in other words they must be starved. It would be just as sensible for a business man who is unable to do all his own work to cut down his business to his own capacity as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic will employ help for his stomach and give his body proper nourishment.

Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

On this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten and carry out Nature's plans for the sustenance and maintenance of the body.

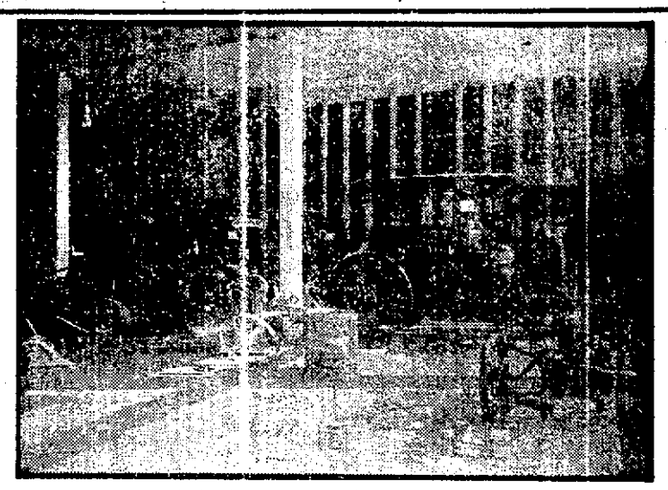

How much more sensible is this method than that employed by many sufferers from weak stomachs. By this means body and brain get all the good, nutritious food they need and the man is properly nourished and equipped to carry on his work and perform his duties. He could not possibly be in proper working condition by starving himself or employing some new fangled, insufficient food that does not contain enough nutriment for a-year-old baby. A strong man doing strong work must be properly fed and this applies to the brain as well as the body.

Stuart's Dyspepsia Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is of course not used during the process of repair.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box and they are the one article that the druggist does not try to sell something in the place of that's "just as good." Their unqualified merit and success and the universal demand for them has placed them within the reach of every one.

MONEY READY FOR CANAL

PRESIDENT ADVISED HE MAY PAY PURCHASE PRICE TO PANAMA.

WASHINGTON, March 2.—A conclusion of the negotiations of the title to the Panama canal property is in sight. Within thirty days, perhaps in a shorter time, the United States will be in full possession of the property and the money consideration will have been paid to both the Republic of Panama and to the new Panama Canal Company.

Attorney-General Knox had a conference today with the President at which the whole subject, so far as the legal phases of it are concerned, was considered and decided. At the conclusion of the conference the Attorney-General authorized the following statement:

"I have advised the President that he is authorized to pay at once to the Government of Panama the $10,000,000 provided for by the treaty. Also that he is authorized to pay to the new Panama Canal Company the $40,000,000 which, under the agreement between the United States and that company, we are to pay for its property, and have notified the canal company we are ready to close the transaction.

"The details in connection with the transfer of the canal company's property should not require more than thirty days."

RELIGION TO BE DISCUSSED

ADVANCED SUBJECTS OUTLINED FOR THE CONVENTION AT PHILADELPHIA.

PHILADELPHIA, March 2.—Distinguished prelates and writers and speakers on religious and educational subjects and religious workers numbering nearly 4000 are in attendance at the convention of the Religious Convention Association which began here today. The general themes of the convention, "The Bible in Practical Life—Its Particular Phases," "The Bible in Religious Experience," "The Bible in Education" and "The Bible in Social and Civic Life," will be discussed in three mass meetings.

"What would constitute a scientific basis for religious and moral education, and to what extent does such a basis already exist?" was the first subject proposed for discussion at today's session.

It was considered by President G. Stanley Hall of Clark University, Worcester, Mass.; Frederick Tracy, Ph. D., University of Toronto, Can.; Professor Shailer Mathews, D. D., University of Chicago, and Luther Halsey Gulick, M. D., New York.

GUESSING FAKES BY PAPERS.

INNOCENT SUBJECT LEADS TO POLITICAL RANCOR AT WASHINGTON.

WASHINGTON, March 2.—The Senate Committee on Postoffices and Post Roads today heard Attorney-General Robb of the Postoffice Department in advocacy of a bill to prohibit guessing contests carried on by newspapers and circulars.

This bill was prepared in the Postoffice Department and introduced by Senator Penrose.

During the course of Mr. Robb's statement the subject of postoffice investigation was referred to. Senator Culberson asking if some men had not been protected by the statute of limitation.

Mr. Robb said he believed such was the case.

Senator Culberson then asked if Perry S. Heath was not one of those protected by the statute.

Mr. Robb answered in the affirmative, adding that, on account of the position which Heath had occupied, both officially and politically, he would have been glad to have prosecuted him.

Senator Scott, at this juncture, declared that Mr. Robb was going outside of his province in making such a statement. He declared that the Postoffice Department did not authorize him to make such a statement and would disapprove of his doing so.

Senator Scott moved that all reference to the matter be stricken from the record.

This motion was carried by a strict party vote.

MODELS FOR CHINESE WOMEN.

It may be recalled, writes the Marquise de Fontenoy in the New York Tribune, that Yu Keng, who up to a year or two ago was Chinese Minister in Paris, had a charming American wife, whose maiden name, if my memory serves me right, was Pearson, and who hailed from New England. Their son married a French girl at Paris. Their daughters, who rejoice in the names of Lizzie and Nellie, are now at Peking, and, half Chinese, half American and wholly Parisienne, have become great favorites of the terrible Empress Dowager, who has issued an edict ordering the women of the Imperial household, and especially the Princesses of her family, to take lessons in the art of Western deportment, of Western dress and of Western customs from the charming Misses Yu. The latter are accomplished dancers, first rate amateur photographers and quite at home on the amateur stage. Indeed, with such mentors as they are likely to prove, there is no saying how civilized and thoroughly enlightened the Empress Dowager and all the feminine element of the Imperial Court at Peking may eventually become.

PROFESSIONAL PIANO TUNERS.

The public has become hardened to the sight of women employed in work as incongruous as chimney sweeps, bootblacks, insurance agents and cabinetmakers, so that it cannot now be astonished to learn that at Valparaiso, Ind., there is a school for piano tuning, where women take the course as well as men and show themselves as apt. The school is a novelty and said to be the only one in the United States and draws pupils from all the country. Men, too old to suit the demands of this rushing age, which demands that every one shall be at least not over 40 who desires a place in business, learn piano tuning, because ago does not tell against them in this employment, and in the Valparaiso school are retired clergymen, men who have long held political offices but expect to be shoved aside for younger ones, and others who can no longer hustle. A musical education is not essential, a perfectly correct ear and some mechanical skill, joined with a deft use of tools, are the only requirements. The course in piano tuning is 100 lessons and represents as many dollars. The pupils are taught, beside the part that every one sees, the actual cleaning and tuning of the piano, the construction of various instruments, so that they may appreciate the differences between makers, and also thoroughly understand the needs of each. The school owns twenty-five pianos of different makes and dates, all of which the pupil must know perfectly. At times the whole school is taken to Chicago in a body to visit a piano factory. This novel school is open the year round, and has graduated over 200 men and women, some of whom, the particularly clever ones, take two or three lessons a day. Some take the 100 in seven, some even in five weeks.

TWENTY TO ONE PRINCE BLAZES

TAKES LEAD IN FOURTH RACE AND ROYALTY NEVER HEADED.

The track was heavy and holding at Emeryville yesterday and though the weather was good a fair sized crowd was in attendance.

In the first race of five furlongs the favorite, Fair Lady Anna, was beaten by Alice Carey in a well run race. The start was good. Fair Lady Anna was leading into the home stretch but was headed by Alice Carey who was well piloted to victory by Jockey Travers. Beulash ran a good race but could not stand the pressure and finished third. The time was 1:03. Goddess of Night, Seaforth and Waterpour also ran. Captivate and Rustic Girl were scratched.

A warm light shown on Light of Day in the second race and J. Martin rode the horse to victory. The start was good. Cardinal Sarto did a lot of fancy side stepping at the post and didn't seem to feel like going the three and a half furlongs unless he could go it alone. Velna ran second and Cardinal Sarto was third. Inspector, Halpin, Anaurus, Hooligan and Lady ——— also ran. The time was 43 3-4.

Olympian was picked by many knowing ones to win the third race, futurity course, and naturally did not make a go of it. Olympian lead into the home stretch but was passed and could not get in. The Leader, J. Martin up, came in first in 1.14. Examiner was second and Olympian showed. Vigoroso, Cherries, Impromptu and Jim Roberts also ran. Motto, Titus and Blackthorn were scratched. Prince Blazes, a twenty to one shot took the lead at the start in the fourth race of one mile and was not headed. He blazed in first in 1:44¾, three lengths ahead. Elmer L. was second and Carlee third. Isabellita looked trained down so hard that she had no strength left and carried out the opinion by running fifth. Chicadee started last and wound up in the same position. Lady Wadsworth ran fourth and Anvil was scratched.

Possart and Flaneur made a nose to nose drive to the wire, Possart just winning in 1:30½. Flanem pulled up well in the back stretch and Marello trailed. Possart pushed up his position at the turn into the home stretch and made good his reputation. Young Morello ran a good race and hung on all the way finishing fourth. Montana Peeress was third. Marello, Yellowstone, Flyer and Kickumbob were also running.

Et Tu Brute looked like it, was favorite and did the trick in the sixth race of six furlongs and finished in 1:17. Et Tu Brute looked as if he was running out at the turn into the home stretch but J. Daly rode him well to select the best footing. George Berry tried to pull up in the home stretch but had to be satisfied with third. Scherzo ran second. Et Tu Brute got the idea into his head that he wanted to show off and tried to make things lively for J. Daly by running away. He was pulled up finally after a hard fight. He liked the day, the distance and the track and came home after taking the lead in the back stretch and holding it all the way to the wire. Dusty Miller, Midway, Sir Appleby and St. Yusef also ran. Salto was scratched.

ONE ROAD, ONE TRAIN; ONE WONDER-WORLD

The one road that runs its own trains over its own rails all the way from San Francisco to Denver, Kansas City and Chicago is Santa Fe.

The one train for comfort-lovers and those who would enjoy fast time and good traveling is the "California Limited."

Nothing in the world compares with the wonder of the Grand Canyon of Arizona, on the line of the Santa Fe and best reached by the "California Limited."

'Tis Santa Fe all the way. If interested, ask about it at 1112 Broadway, Oakland.

CYCLONE KELLEY IMPROVED.

WILL BE FASTER AND BETTER WHEN HE MEETS WOODS.

"Cyclone" Kelley is training hard for his contest with "Billy" Woods. The white hercules realizes that he has a hard nut to crack and he intends to put himself in the right kind of shape to withstand a hurricane battle. Kelley is very apt to surprise a whole lot of fellows in this fight Tuesday night. "Cyclone" has shown a great improvement since he returned from the East and he is altogether a different man than he was two years ago. It will be remembered that Woods and Kelley boxed eight rounds in this city some two years ago, when both were "greeners" at the game. Since that battle Kelley has journeyed all over the East and has met all the best men in the middleweight class and as a result he has improved remarkably.

On the other hand Woods has improved too and it is known that he boxed a twenty-round draw with Joe Walcott. Kelley knocked Tommy Ryan all over the ring in a battle the two had at Hot Springs and he came within an ace of knocking Tommy out.

The showing "Cyclone" made in this battle entitles him to beat almost any of the middle-weights on the coast.

The bout between Woods and Kelley should be one big mix-up from start to finish and should prove as exciting as the bout between Reilly and Woods. Both Kelley and Woods are great sluggers and heavy hitters and they always put up an exciting bout. Phil Wand will be the referee.

JIMMIE BRITT DOWN TO WORK.

"Jimmie" Britt has decided that it is time for him to get down to active training and yesterday bade good-bye to the glare of "off days" and left for Croll's gardens. He expresses himself as confident that he can beat Young Corbett and as the feeling between them is up in the fever zone no love blows will be dealt out by either. "Corbett's" handling of Dave Sullivan has made Britt realize that he will be up against the real thing when he steps into the ring with Rothwell.

Britt will get down to hard work from now on and will make "Corbett" use all his cunning when the two boys meet.

SELLS LIVERMORE GAS PLANT.

WILLIAM J. DINGEE TRANSFERS IT TO CALIFORNIA ELECTRIC COMPANY.

LIVERMORE, March 2.—The Livermore Water and Power Company, owned by William J. Dingee, which supplies water and light to Livermore and also supplies the town of Pleasanton with electric light, was transferred yesterday to the California Gas and Electric Corporation, and this deal gives the company absolute control of the electric light and power distribution in the central portion of the State.

The transfer was made very quietly, and no one knew that the change had been made until the representatives of the corporation took charge. The officers of the new local company are: President, C. W. Weller; secretary, Eugene J. de Sabla Jr. Daniel Murphy, who managed the affairs of the Livermore Water and Power Company for Mr. Dingee, will be retained as manager by the present owners of the plant. The new company is capitalized at $120,000.

The Livermore Water and Power Company furnishes the water supply of the town of Livermore from its own plant, but the power used in lighting the town is secured from the lines of the Standard Electric Company. Under the new management this system will remain unchanged. The new company will also continue to supply light and power to Pleasanton, but as that town has its own water supply the change will make no difference in this respect.

FATHER YORKE TO SPEAK ON CHRIST TONIGHT.

The Rev. Father Peter C. Yorke, pastor of St. Anthony's Church, East Oakland, will deliver a Lenten lecture at 7:30 o'clock tonight in the church. His subject will be "What Think Ye of the Christ?"

Father Yorke is giving a series of these Lenten talks on Sunday and Wednesday nights and so popular and interesting are they proving that the church is filled to its utmost capacity, numbers being present from San Francisco.

AMERICAN GOLD FOR ARGENTINE

NEW YORK, March 2.—Arrangements have been completed by Muller, Schall & Co., for the shipment of $500,000 in American gold coin to Buenos Ayres, Argentina. The gold will go forward by Saturday's steamer. Whether the engagement of this gold marks the commencement of a general movement, such as took place last year or is a special transaction is not yet apparent.

One report is to the effect that it represents part of the purchase price from Japan for the two Argentine cruisers purchased at Genoa, Italy some time since.

CITY PAY DAY.

The school teachers of the city and other municipal employes were made happy today by City Treasurer Taylor, who paid all warrants in cash.

LEADERS AMONG U. C. ATHLETES.

WILL RECOGNIZE ROWING.

BOATING ASSOCIATION WILL AFFILIATE WITH ASSOCIATED STUDENTS.

BERKELEY, March 2.—At its regular meeting the executive committee of the Associated Students last night considered a plan for affiliating the Boating Association with the Associated Students. Should satisfactory arrangements be made, rowing will soon be an established sport in the University.

According to the plan proposed last evening the Boating Association will retain its present independent organization, but its actions will be subject to the control of the executive committee. This provision is made necessary by the ruling of the committee that it cannot officially recognize any activity which is managed by an organization not directed in any way by representatives of the Associated Students.

The Associated Students will not be responsible for the financial support of the Boating Association, nor will the property of the Boating Association be transferred to the larger organization. But the graduate manager will be given authority to regulate the expenditures of the oarsmen.

Tomorrow afternoon Max Thelen, Colonel Edwards and Manager Decoto will meet with a committee of three men representing the Boating Association to draw up articles of affiliation.

Charles Elston, '98, was appointed assistant baseball coach without salary.

Arrangements were made with Pomona College for a football game to take place on the University campus on October 29.

Secretary McConnell was instructed to write a letter of thanks to all the firms which had lent tools for use on Labor Day.

ATHLETES FLOCK TO TRACK.

GREAT INTEREST SHOWN AT THE UNIVERSITY IN COMING FIELD-DAYS.

BERKELEY, March 2.—Fully a hundred track and field men appeared on the cinder track this afternoon to participate in the training for the coming field days.

Coach Christie and Track Captain Cooley are much pleased with the showing so far. There are many good men out whose work is improving day by day and from whom something is expected.

A. S. Moody, '06, and W. E. Sperry, '07, have been selected to captain the Sophomore and Freshman track teams on the day of the interclass contest which takes place Saturday. The entries will be announced in a few days.

Coach McCarthy had the baseball aspirants doing hard graft, running bases, batting and fielding, and the men after their enforced rest of the past week got into the game with dash and spirit.

This afternoon a team from St. Mary's College will cross bats with the Varsity. Game will commence at 3:30 sharp. This is the second game of the season. The line-up is: Catcher, Bliss; pitcher, Holtmuller; first base, Graham; second base, Gillis; third base, Strub and Gunn; shortstop, Adams; left field, Hamilton; center field, Sweesy; right field, Voolsen.

Just a hundred years ago Napoleon Bonaparte became Emperor of France, and the march on Moscow was foreshadowed. This year Louis Napoleon, exiled prince of the second empire, will lead into Manchuria the cavalry of the Czar. This is one way in which history plays her grim jokes.—New York Herald.

'TWAS HANLON ALL THE WAY.

CALIFORNIA BOY ADMINISTERS MUCH PUNISHMENT TO DECKER.

Eddie Hanlon had it all his own way with George Decker in the six round contest at Philadelphia last night. Decker put up a game fight but was out fought and outclassed in every way. In the third round Hanlon gave Decker fierce punishment and it seemed that he would be put out in the fourth. Hanlon let up in this round and Decker came up stronger in the fifth. Both boys fell through the ropes in this round and were helped up by the police. Hanlon rushed Decker as soon as they were in the ring and the crowd expressed its dissatisfaction by hissing at such tactics.

In the sixth round Decker was all gone. He was weak and groggy. By resorting to frequent clinches he lasted out the round.

A Philadelphia ordinance prohibits the giving of a decision in a boxing contest and does not permit the bout to exceed a limit of six rounds.

OBJECT TO BAY CITIES' WATER.

ENGINEER GRUNSKY DECLARES SUPPLY MAY BE CONTAMINATED.

City Engineer Grunsky of San Francisco submitted to the Board of Public Works an unfavorable report on the property of the Bay Cities Water Company, located near San Jose. He stated that there were conflicting claims to some of the water rights; that the watershed was more likely to be contaminated on account of pasture and human occupation than if it were more remote, and that the capability of supplying water was insufficient to make it a desirable source of supply for San Francisco.

The City Engineer remarks that he adheres to his opinion as previously expressed that the water supply for San Francisco should be secured from the Sierra Nevada, where a generous supply of pure water is available. He finds that whereas the Bay Cities Water Company professes to be able to develop and furnish this city with 60,000,000 gallons of water a day, and still have a reserve of 8,000,000 gallons it probably can supply about 87 or 88 per cent of that quantity. Furthermore the title to water bearing lands is complicated. Users of irrigation water dispute the title of the company and the Spring Valley Water Company claims a portion of the watershed to which the Bay Cities Company lays claim. The report is now being considered by the Commissioners of Public Works.

The source of supply above referred to is the same which was included in the report to the Special Water Committee of the Council of this city, which proposition that committee set aside for practically the same reasons given above by Engineer Grunsky.

CARELESS WITH WATCH.

Mrs. L. W. Ohlson of 1913 Magnolia street reports to the police this morning that a gold watch and chain belonging to her has disappeared. She is not certain that the articles were stolen or mislaid. She says that the last she remembers of having seen the articles in a tank house used for washing. She says that she hung the watch up here and has not since seen them.

WILL MEET IN OAKLAND.

ANNUAL REVOLVER MATCH SHOOT ON LOCAL RANGE.

The annual indoor championship match of the United States Revolver Association will be held on the Oakland Revolver Club's range next Saturday afternoon and evening, March 5. The shoot will commence at two in the afternoon. The match is open to all and will be conducted under the regulations of the United States Revolver Association.

At the same time and place a special prize shoot will be conducted by the Oakland Revolver Club, open to all, unlimited re-entry. Any 22 caliber pistol, and any caliber revolver with suitable, reduced smokeless powder charge will be allowed. Entrance fee 25 cents per target—5 shots.

A number of valuable prizes will be distributed.

The club ranges are operating in the best possible manner and the target lighting is especially good.

PLAYS COMING TO MACDONOUGH.

"OLD HOMESTEAD" AND "MAGDALEN" FOLLOW "KILTIES" FOR PUBLIC FAVOR.

The famous Kilties Band, undoubtedly the most unique and popular concert band now on tour, are to give one concert at the Macdonough Theater tonight. The organization is composed of sixty men, and includes, besides the instrumentalists, a vocal choir of sixteen splendid singers, and a number of Highland dancers and bagpipers. The advance seat sale indicates a large house.

JESSIE SHIRLEY.

Jessie Shirley is now on route to San Francisco, where she opens at an early date. On last Saturday night she closed a two weeks' engagement at Portland, playing at Cordray's Theater, which has the largest seating capacity of any theater in that city, to the biggest business of that house for the past two years. The Portland Oregonian, Evening Telegram and Daily Journal are unanimous in their praise of Miss Shirley and declare her company one of the very best visiting there during the present season. "The Oregonian," the leading paper of the northwest, declares Miss Shirley's work in "A Modern Magdalen" entitles her to a place among the foremost actresses on the American stage. "A Modern Magdalen" will be played at the Macdonough Theater next Sunday matinee and night. The play will be given with a scenic setting which for its grandeur was never surpassed by any similar production in this city.

THE OLD HOMESTEAD.

One of the strongest features of "The Old Homestead" has always been the famous double quartet of farm hands. We are told that this year several changes have been made in the singers and that the double quartet is a great improvement on that of former seasons. This is saying a great deal for, in the past, the beautiful singing around the well in the first act of the play, has been one of the most enjoyable treats of the entire evening. "The Palms" is to be given, as usual, in the Grace Church scene, by a tenor soloist, assisted by "The Old Homestead" choir, the accompaniment being played on the grand organ carried by the company. The Oakland engagement is for four nights and a Wednesday matinee, beginning next Monday, March 7th. Seats are selling rapidly.

JUVENILE BALL PLAYERS.

The Filbert Stars will meet the seventh baseball team of St. Mary's College next Sunday.

The line-up will be as follows: M. Fernandez, pitcher; M. Weber, catcher; F. Pinguataro, first base; J. Smith, second base; E. Galvin, third base; F. Smith, short stop; A. Paoli, right field; H. Kennedy, left field; J. Donegan, center field.

Batteries—Manuel Fernandez, M. Weber. Communications should be addressed to Captain H. Kennedy, 718 Filbert street.

The White and Red baseball team was organized Sunday last and challenges any team in Oakland with members under 12 years of age. Apply to Frank Galvin, 826 Filbert street.

CAMILLE STILL FIGHTS.

In the case of Camille Ward, a dancer, convicted of vagrancy in the police court yesterday, Judge Smith this morning granted the defendant an arrest of judgment to allow her to prepare a motion for a new trial. The case will come up tomorrow morning.

The dancer is accused of having become too much attached to the pocket book of one Andrew Johnson. She secured possession of this and, after telling her companion to wait for her to telephone, she left him. He says that she obtained nearly $40 by this subterfuge.

REFLECTIONS OF A BACHELOR.

The reason a woman hates to give a man a secret to keep is because he goes and does it.

A woman envies another getting her name in the newspaper even if it is in a scandal.

A girl wants to get married so other girls will wonder about her what she is wondering about other married women.

A woman can almost break her heart thinking what would happen to her if her husband shouldn't love her any more.

Nothing insults a woman more than for her to suspect a man thinks that she could wear underwear that would keep her warm.

LAM'S TRIAL GOES OVER.

Gee Lam, accused of maintaining an opium joint on Ninth street, between Franklin and Webster street, had his trial set for March 22 in Judge Samuels court this morning.

HORNETS ARE NOT DISCOURAGED.

MEET TO DISCUSS THE SITUATION AND DROP OUT.

Not at all discouraged by the fact that the loss of Sunday's game with the Occidentals for the cup put them out of the competition altogether, a goodly number of Hornets attended the meeting at 1845 Post street, last night, to go over the club business.

F. D. Mildred presided. The treasurer's report to date showed a total expense of $96 for the season. The total membership of the club is fifty-nine and the number of registered players forty-nine.

Various explanations were offered for the exceedingly strenuous and unfortunate (for the Hornets) season, now near its close, and several plans of action were suggested for the future. In the meantime the club decided to drop out of the league contests and quit all, except Saturday football, until the opening of the 1904-5 season.

Three cheers were given for Captain Chambers, Shand, Bird, Cowell, Hunter, Mackenzie and Cuoolly, who loyally served the guns in every battle they could possibly take part in, and three more were given for the League.

The members then sat down to a late supper and cheered everything and everybody connected with football.

"CORBETT" LOSES GOLD AT RACES.

Young Corbett who gained such a decisive victory over Dave Sullivan still has the race fever. Yesterday at the Emeryville track fortune did not smile upon him so serenely as it did last Monday night and he is reported to have "dropped a few" on Anaurus and other horses in lums of $250 at a time.

Young Corbett says he can see no way of losing in his coming contest with Britt and his past record bears him out in a strong measure. Corbett is a known quantity while Britt has never yet come anywhere near his coming opponent's record.

Corbett thinks that he will leave Britt on the mat in a groggy slumber about the tenth round of the twenty-round battle. He has a new blow that he is going to try and says it is a winner. He has a tough right swing that he says he will also land on Britt—the same class that put Dave Sullivan to sleep.

While Corbett was not hurt in the Sullivan bout he is not going to let his victory turn his head and will train hard for the coming contest.

PIEDMONT WANTS IMPROVEMENTS.

RESIDENTS SAY THEY WILL MAKE IT GARDEN SPOT OF OAKLAND.

The Piedmont District Improvement Club met last evening at Oak Chapel for the purpose of adopting by-laws and constitution and hear reports of its various committees.

Notwithstanding that it was a rainy night, there was an unusually large attendance and the meeting was a very enthusiastic one.

The residents of that district are apparently in earnest and mean to do just what their committee before the City Council said, namely, that they would make that section "the garden spot of Oakland."

A committee consisting of Messrs. Barnet, Dr. Tait, Ferguson, Kelley and Thompson was appointed for the purpose of soliciting suitable prizes to offer to the school children of the district for the best lawns, front and back gardens, etc. There will be at least ten of these prizes offered, the object being to instill civic pride in the minds of the children as well as beautifying the district.

SEWERING THE CREEK.

In the matter of the sewering of Cemetery or Echo creek, the committee was continued and instructed to co-operate with the Council and John A. Britton, who has secured a large portion of the right-of-way.

It was also decided to push the matter of converting the windings of Cemetery creek into a boulevard and a park from the lake to Pleasant Valley. This it is contended would make the most beautiful improvement of its kind to be formed in the United States.

Several of the property owners on Piedmont avenue spoke of that street and the improvements needed there. It is their intention to begin these improvements at once. Several hundred feet of sidewalks and gutters with curbing will be laid this week. The Council will be then petitioned to order the balance of the work done.

AITKEN AND M'ADAM.

Councilmen Aitken and McAdam were present for the purpose of learning the desires of the club. They spoke at length and promised their aid in the Council. They realized that the club was organized to carry out its purposes.

An adjournment was taken until Tuesday evening, March 15.

THE LATEST NEWS.

HEAVY DAMAGES ASKED.

North Shore Road Sued for $40,000 Damages.

SAN RAFAEL, March 2.—Edwin Tucker and his wife, Rebecca Tucker, filed two suits against the North Shore Railway this morning for damages aggregating $40,000.

The Tuckers were passengers in the funeral train that was hurled from a trestle near Point Reyes last June. Tucker alleges that he suffered a severe contusion of the head and injury to his body, consisting of two fractured ribs, paralysis of the intestines, and injury to his kidneys. He states that his general health was greatly impaired by the accident. He charges carelessness on the part of the North Shore Company and neglect in leaving him several hours at the scene of the wreck in an unconscious condition. For these injuries he asks $25,000 damages. Mrs. Rebecca Tucker asked for $15,000 for injuries to her back and general health through the wrecking of the train.

The Tuckers are residents of Sausalito, but Mr. Tucker's place of business is in San Francisco.

REMAINS FOUND.

YREKA, Cal., March 2.—The body of Charles Spengler, who was drowned on February 15, has been recovered.

SUICIDE UNKNOWN IN SOUTH.

Stranger Also to Price Family in Alameda.

LOS ANGELES, Cal., March 2.—Nothing is known here of Albert J. Walters, who is reported to have suicided by leaping from the steamer Captain Weber, near San Francisco this morning and who is stated to have claimed Los Angeles as his home. No such name appears in the city directory and the police have been unable to find trace of any such person.

ALAMEDA, March 2.—Walters, who suicided today in the San Joaquin is not known by the family of George L. Price of this city who was with him at the time of the desperate act.

GIRL RUNS AWAY FROM HOME

SAN FRANCISCO, March 2.—A special dispatch from Corning to a morning paper today says that Annie Larsen, a young girl who has been working near that town, was placed under arrest by Constable Gumbel and taken to the jail in Red Bluff. At the same time a man named Walstein, who represented himself to be from the J. A. Smith Detective Agency of this city, was placed in custody.

The mother of the girl was found at her home at 837 Bryant street this morning. She said that Walstein had gone to Corning for the girl with the permission of the family to bring her back if he could. Papers were given him by the mother to prove that he had been invested with the proper authority. Upon arriving in Corning and conferring with the officer, the latter being suspicious of the man placed him under arrest and took the girl in charge.

Walstein spent what money he had for his expenses and the girl's while they were in jail and telegraphed for more. It was sent him, but was not sufficient to cover the necessary expenses, so he came to this city without the girl. He told the mother last night that he would go back again and secure the girl at his own expense.

The mother of the girl professes to know nothing of Walstein.

VICTIMS OF WAR ARRIVE AT NAGASAKI.

NAGASAKI, March 2.—The Japanese hospital steamer Kobe Maru, which arrived at Sasebo on Monday with 71 invalids, including six naval engineers, who were employed on board the vessels which sunk at Port Arthur, brings confirmation of the report that the attempt to obstruct the entrance to that harbor, was partially successful. It is reported that the hulks of the Hokoku Maru and Bushu Maru now block part of the channel. The explosions on board these steamers were caused by electric wires operated from the torpedo boat destroyers, which afterwards saved the crews.

CANAL MONEY READY.

Payment Will Not Affect Nation's Finances.

WASHINGTON, March 2.—It appears that Attorney-General Knox is satisfied perfectly with the title that the canal company is able to pass to the United States. In his opinion, it will not be necessary to pursue the investigation further.

It has not been determined how soon the $10,000,000 will be paid to the Republic of Panama, but it is quite likely that it will be made soon.

Secretary Shaw practically has completed arrangements at the Treasury Department for the money necessary to meet the obligations incurred through the purchase of the French company's property.

His arrangements have been effected in such a manner as not to disturb seriously the financial condition of the country.

SAYS POLYGAMY IS RIGHT.

PRESIDENT SMITH'S STATEMENT BEFORE THE SMOOT INQUIRY.

WASHINGTON, March 2.—At the late session of the Smoot inquiry this afternoon Mr. Burrows directed a number of questions to Mr. Smith bearing upon the consistency of Mr. Smith's answer relating to his belief in and acceptance of the divine revelations. He said:

"I understand you believe in the revelation of Joseph Smith Sr., relative to polygamy and still think it is right?"

"Yes, and the manifesto of President Woodruff declaring a suspension of the polygamy principle was a revelation, was it not?"

"Yes."

SAYS POLYGAMY IS RIGHT.

"How can that be?" pressed Mr. Burrows. "One declares in favor of polygamy and the other stops it."

"I adhere to both in my belief," said Mr. Smith. "I believe polygamy was right, or I should never have married more than one wife."

"As I understand it," Mr. Hour interrupted, "the last revelation does not prohibit polygamy, but merely suspends the former principle commanding it. It may still be believed that the practice is innocent and proper, but as the divine command to continue it is stopped, the members of the church submit to the civil law on the question of plural marriages."

"That is right," subscribed Mr. Smith.

Mr. Tayler asked a number of questions relating to Abraham H. Cannon and others of the Mormon faith, in order to bring out the witness' knowledge of the question of whether they were polygamists.

Objection being made to this line of questioning, Mr. Tayler said he was pursuing the line of inquiry set out in the protest against Mr. Smoot to the effect that the President of the Mormon Church and the majority of the twelve apostles were practicing polygamy. He referred to Mr. Smith as the daily associate and superior, in the church, of Mr. Smoot, and said that Mr. Smith is husband to five wives and believes still in the principles of polygamy.

"Do you expect to prove in that connection that the President and the twelve apostles form a propaganda of polygamy?" asked Mr. Beveridge.

"We do," said Mr. Tayler.

"Then I think the course taken is pertinent," said Mr. Beveridge.

OATH IN CONFLICT.

Mr. Worthington, in reply to Mr. Tayler, said that the charge that Senator Smoot had taken an oath as apostle which would be in conflict with his oath to support the constitution of the United States, by reason of the fact that the apostolic hierarchy was composed of men violating the laws against polygamy, said:

EXECUTIVE SESSION.

"That oath was taken in 1900 and all the evidence thus far goes to show that since that time the members of the hierarchy have not been pledged to polygamy."

The committee went into executive session at 4 p. m. to determine the advisability of admitting the testimony objected to.

ALLURING CITY LIGHTS.

From the Newark (N. J.) News.

It's a splendid, luring city, and its myriad of lights
Show a glow upon the heavens to the country boys o' nights.
"Come," they beckon o'er the valley,
"Come to wealth and power and praise;
It's for you the world is waiting," and the country boy obeys.

Now the lights are thick about him, blinking, flaring everywhere,
Turning gloomy night the blacker, shedding down a sickly glare
On the hunted, haunted faces, on the folly and the pride,
Raising miles of dismal shadow walls where fear and failure hide.

'Twas a splendid, luring city when its host of gleaming light
Cast a glow upon the heavens for the country boys o' nights;
But its heart is like a cavern and its face is seared with scars,
And its sky so filled with gaslight that he cannot see the stars.

California waits until the smoke of battle has blown away and the squash season is a thing of the past, then calmly jumps into the game and carries off the prize with the biggest lie on record. It is of a Los Angeles farmer who raised a squash which was so large that he is using it as a stable for a pet calf. The inside of the squash was scooped out and an entrance cut for the calf, also a window in the other side for it to look out of.

FINANCES OF THE COUNTY.

CHANGES IN THE LAW ARE TO BE CHARGED WITH THE PRESENT STATUS.

Changes in the law governing the finances of county governments is, it is stated, responsible for the talk in regard to the predicted deficit in the county's funds as the end of the fiscal year approaches. Supervisor Kell, in speaking of the matter today, says that he does not believe that there will be any deficit.

"We have kept pretty close tab on the funds and I believe we have calculated within the limit. We have made many permanent public improvements within the past year, one road district alone getting $50,000. Nearly $200,000 has been spent in building bridges and putting the roads in good condition. The outside districts have got the money but the roads had to be put into condition. With the exception of the heating plant very little money has been spent in this city.

"Up to a year ago the law was that the Board of Supervisors could only spend one-twelfth of the total estimated expense of the county each month. The last Legislature passed a law changing the law so that instead of being able to spend one-twelfth each month we are allowed to spend 70 per cent of the total estimated cost within the first six months. This money has been spent, but all the heavy expenses of the year have been met. There is little cause for doing more at the present than paying current salaries. This is not generally understood. It is supposed that because 70 per cent has been spent in the first six months that we will spend the same amount the balance of the year, but this is not so. The heavy expenses all come at the beginning of the year.

"Then there is another very material item. The Auditor in making an estimate must always deduct 10 per cent from the total estimated revenue of the county to allow for tax delinquencies. While this is the law, the delinquencies will not in all probability amount to 1 per cent. This means about $40,000. While we are not supposed to calculate on this it is generally depended on to help out any little deficiency there may be at the end of the year.

"I do not think there is any reason for any action being taken in the matter. For, when the accounts come to be figured up at the close of the year, it will be found that we are on the right side of the books."

A statement of the relative amount of money spent this year and last year compiled by County Clerk John P. Cook shows that while there was a considerable increase in the total valuation of property in Alameda county over last year the increased amount of taxes went into the State instead of the County treasury.

In 1902-3 taxes were figured in this county upon a total valuation of $90,000,000 and the sum of $1,125,000 was raised for State and county purposes. Of this sum the State that year received $348,800 while the county general fund got $405,000.

This year the total property valuation was placed at $125,000,000. The amount of taxes raised was $1,701,250 or nearly double what it did the previous year.

A special appropriation has been made for the Mines and Foothills road of $125,000 and one of $11,250 for an exhibit at the St. Louis Fair.

From this statement it appears that the net increase in taxes of the year 1903-4 with the year 1902-3 amounts to $587,500 of which the State Revenue Fund, representing the amount of money the county pays to the State as its share of State taxes shows an increase of $357,450; the County General Fund increase, $86,250; the Infirmary Fund increase, $22,500; the Common School Fund increase, $16,000 the Scenic Boulevard from Oakland to Hayward and road from Livermore to Manganese Mines, $125,000; Exposition Fund, $12,250; the Tunnel and Bridge Fund Increase, $30,950.

FERRIS HARTMAN HAS A SON BORN

SAN FRANCISCO, March 2.—There is happiness in the household of Ferris Hartman, for since last night the household has been increased by the addition of another member. The happy father was exceedingly gay in "The Gypsy Baron" last night and hurried home to his family after the show. He will in future walk the floor instead of the pave.

Hartman is delighted over the new turn of affairs in his domestic life and from the further fact that mother and child are doing nicely. The comedian looks forward to the happy nights to follow when he can croon lovely songs with that melodious voice of his to the little fellow and the little fellow can't help himself. Then he can try his new jokes or work off his old ones on the newcomer. It is a cinch they have never been heard before where he came from, or maybe they have.

The baby boy is to be called Paul William Hartman—Paul after Paul Steindorff, leader of the Tivoli orchestra; William after William Harry Leahy, manager of the Tivoli and Hartman after his father. He weighs eleven pounds already.

WHIST TOURNAMENT.

Loyal Temple Rathbone Sisters will give a prize whist tournament, Monday evening, March 7, at Forester's Hall, Thirteenth and Clay streets. Many valuable prizes have been secured by the committee. One door prize will be given to the one holding the lucky number. The ladies who have charge of the affair are Mrs. Chloupek, Miss Annie Journal, Mrs. Luna Austin, Mrs. Lucy Heck and Mrs. George Samuels. Admission 25 cents.

It pays to do business generously. The proof: Schilling's Best. Full-strength and pure, and the prices only enough to pay for the quality.

SUPREME COURT ON VACCINATION

DECIDES THAT SCHOOL BOARDS HAVE POWER TO ENFORCE IT.

Now that the State Board of Health is taking measures to enforce the Act of 1889 entitled "An Act to encourage and provide for a general vaccination in the State of California," it may be of interest to THE TRIBUNE readers to know that the Supreme Court of the State of California in a case entitled D. K. Abeel vs. D. C. Clark, has made a ruling in reference to this law. The case is reported on page 226, 84 California Reports. The case was carried up from Santa Cruz county. It was a proceeding for writ of mandamus to compel the defendant, who was then principal of a public school in the city of Santa Cruz, to admit James Abeel as a scholar. The trial court gave judgment for the defendant (Clark) and the plaintiff (Abeel) appealed the case to the Supreme Court. The only ground upon which admission to the school was refused was that said James Abeel had not complied with the provisions of what is known as the Vaccination Act.

The court in the decision says: "The act referred to is designed to prevent the dissemination of what, notwithstanding all that medical science has done to reduce its severity, still remains a highly contagious and much dreaded disease. While vaccination may not be the best and safest preventive possible, experience and observation, the test of the value of such discoveries, dating from the year 1796, when Jenner disclosed it to the world, have proved it to be the best method known to medical science to lessen the liability to infection with the disease.

"This being so, it seems highly proper that the spread of smallpox through the public schools should be prevented or lessened by vaccination, thus affording protection both to the scholars and the community.

"Vaccination, then, being the most effective method known of preventing the spread of the disease referred to, it was for the Legislature to determine whether the scholars of the public schools should be subjected to it, and we think it was justified in deeming it a necessary and sanitary burden to impose upon that general class. The remarks of Judge Cooley in his work on Constitutional Limitations, page 157, are applicable here, where he says: 'What is for the public good, and what are public purposes, and what does properly constitute a public burden, are questions which the Legislature must decide upon its own judgment, and respect to which it is invested with a large discretion, which cannot be controlled by the courts except, perhaps, when its action is clearly evasive and where, under pretense of lawful authority, it has assumed to exercise one that is unlawful.'"

The Supreme Court affirmed the judgment of the Superior Court.

FINE BOOK ON YOSEMITE.

A book on the Indians of the Yosemite Valley by Galen Clark, one of the pioneers of that region and the discoverer of the Mariposa Grove of Big Trees, is announced for publication early in March.

Mr. Clark was a member of the first Commission to manage the Yosemite Valley after it was ceded to the State in 1864, and was also Guardian of the Valley for twenty-four years. He has lived in or near the Yosemite for over half a century, and his thorough acquaintance with the Indian tribes qualifies him to write with some authority on their curious customs and picturesque traditions. The history and legends of these Indians are so closely interwoven with the scenes of grandeur among which they have lived, that this account of them promises to be of interest to all who have visited or expect to visit the great Valley.

The book will contain an introduction and sketch of the author by the late W. W. Foote, of the Yosemite Valley Commission, a chapter on basketry and bead work, and some practical hints to Yosemite tourists, together with tables of distances, altitudes, Indian names, and other information of value. It will be elaborately illustrated from photographs and from sketches by Chris Jorgensen, the Yosemite artist, and will be handsomely printed and bound. It will be published by the author.

SHIPMENT IN HOME VESSELS.

WASHINGTON, March 2.—The Senate at 2 o'clock this afternoon took up the Philippine shipping bill. Mr. Allison's amendment deferring until July 1, 1905, the time when the portion of the measure providing that merchandise from the United States to the Philippines shall be carried only in American vessels shall go into effect, was the first subject of consideration. Mr. Carmack sought to have the time still further extended.

LOST GLORY.

I am gazing at a picture
Of a girl and of a boy,
Of a guileless youth and awkward
And a maiden rather coy.
Let me see? Who-ah, I have it!—
I remember now—I know—
'Tis a tintype we had taken
At a picnic, long ago.

There's her hand upon my shoulder;
What a silly looking—gee!
See the way that hair is plastered—
Is it possible that's me?
Yet I thought I was a wonder,
She did, too—she told me so
When we had our tintype taken
At that picnic, long ago.

SENATOR BARD IS OUT OF THE FIGHT.

Henry T. Oxnard Will be the Choice of Southern California.

(Special to the Tribune)

LOS ANGELES, March 2.—Senator Bard's friends have decided to declare him out of the fight for United States Senator.

They base their action upon the letter he has written to his personal friend ex-Railroad Commissioner Blackstock of Ventura in which Bard declares as follows:

"I am not intending to challenge anyone to a contest. I am intending only to state that I do not offer myself as a candidate for re-election. I will not therefore make any effort to be re-elected and will not accept the honor of a re-election unless it comes without solicitation on my part. Whether this attitude can be practically dealt with I leave to you and other friends to decide."

Bard's friends have taken him at his word and have decided.

They have come to the conclusion that it is impracticable and politically impossible to make a fight for him along the lines mapped out.

They know the politicians of the State too well to think that they could voluntarily tender to Bard one of the two greatest political prizes in the hands of the people of California. In other words, as Bard will not even say he wants it, they know that the politicians are not likely to force him to accept it.

His Ventura friends therefore have in the Ventura Free Press which is recognized as Bard's official organ, come out with the declaration in large black type that "Senator Bard is not a candidate. Senator Thomas R. Bard absolutely refuses to enter into a political contest for re-election to the United States Senate."

This statement published in Bard's own home paper is therefore recognized as his retirement from consideration for re-election.

ROWELL WON'T GIVE IN.

Senator Chester Rowell of Fresno refuses to strike his colors, however.

In his paper, the Fresno Republican, he this morning publishes a two column editorial insisting that Bard's friends should continue to make a fight for him and consider him their candidate. He also prints two columns locally, reproducing letters written by Bard to Blackstock, Bulla and others.

Senator Rowell's efforts to force Bard upon his friends have fallen flat though and they say that despite the Fresno statesman's assurances they cannot make a fight for a man who says he is not a candidate.

Bard is therefore virtually out of the running and Henry T. Oxnard of Ventura county will doubtless be the choice of Southern California.

"How's that?"

"Why," was the reply of the bachelor, "don't you see, we've got to row against the tied?"

Senator Bard Not a Candidate

Judging from the tenor of a letter recently written by him to a confidential political friend in Ventura county, Senator Bard neither desires nor expects to be re-elected. Indeed, he says as much. The letter alluded to was printed in the Ventura Free Press of February 27th. From it we take the following significant paragraph:

"I am not intending to challenge any one to a contest. I am intending only to state that I do not offer myself as a candidate for re-election. I will not therefore make any effort to be re-elected and will not accept the honor of a re-election unless it comes without solicitation on my part. Whether this attitude can be practically dealt with I leave to you and other friends to decide."

The Senator concludes his letter with these remarks:

"To a politician like yourself I am quite sure that my position, while recognized as theoretically correct, will appear to be untenable if I expect to be re-elected. But my expectations do not enter into the discussion. I do not anticipate what the Legislature may do. I will do nothing myself to influence any of its members in the matter. If it should elect me I shall consider it a commendation, of course, but if it should elect someone else, I shall not, under the circumstances, consider it a rebuke to me.

"And so all this is to be summed up by the statement that only in the event that public sentiment should be so pronounced in favor of my re-election that the honor shall be tendered to me substantiately as it was before, do I desire to be considered as a candidate."

Read between the lines, the sense of this communication is that Senator Bard would be willing to serve another term if he could be re-elected without effort on his part, but he does not think there is much hope and is really not anxious to hold office again. Without stopping to debate the propriety of his position, the political history of this State entirely negatives the idea of anyone maintaining it to successfully hold his place in politics. In theory it may be all right to promise nothing and do nothing, but in practice it does not work. Senator Bard was originally elected as the result of peculiar conditions which produced a prolonged deadlock. Those conditions were abnormal and may not recur in a generation. They will certainly not exist when Senator Bard's successor is to be chosen, a fact that Senator Bard himself seems to realize. It looks, therefore, as if the Junior Senator would have to be counted out in the next Senatorial handicap.

Judge Sloss' decision in the fruit combine case is in line with all his decisions in which organized capital has had an interest. He takes the "business" side of every controversy. This is not because he is not upright or because he intends to be unfair. His natural bent of mind and associations cause him to view any sort of business interest however inimical to public policy with a partial eye. Business combines appear to him as naturally legitimate, and his mind works out a justification for them without strain of conscience. This tendency of his mind has been continually illustrated ever since he donned the ermine. At times his antagonism to popular sentiment becomes sharply pronounced. He sees nothing wrong in the fruit commission men combining against both producers and consumers, and he accordingly construes the Woodward Act in a way that is most favorable to their operations. He does not see the side of the producers and consumers at all.

Rapacity of the Beef Trust

Even if direct evidence of collusion be lacking, the most convincing collateral and circumstantial evidence exists that the great slaughtering firms are in a combine to depress the price of beef cattle while holding the price of dressed meat up to an excessive figure. In some respects this evidence is stronger than oral testimony, because oral testimony may be colored, biased or untrue, while this collateral evidence is undisputed and admits of but one construction.

For instance, first-class beef cattle sold on foot in the Chicago market at $8.37½ per hundred weight on August 1, 1902, and dressed beef sides sold at $8.37½, the profit of the slaughterers and packers coming from the hides, bones, hoofs, tallow and other by-products. These quotations are from the daily press, in which all sales were chronicled. They are beyond dispute.

Precisely one year later, the price of live steers of the same quality had fallen to $5.17½, while the price of dressed beef remained unchanged. This is a difference in favor of the slaughterers of $3.20 for each 100 pounds of dressed beef. The same phenomena appears in the relative prices of sheep and hogs.

There is no escape from the conclusion that the packing firms are in a combine to control both the buying and selling price—to cinch both producers and consumers. They grade every lot of stock that comes to Chicago, fix the price on it and refuse to bid against each other. It is stated on good authority that the seven packing companies divide the stock as it is bought in certain proportions agreed upon, and sell the dressed meat at prices also agreed upon. Neat stock can be sold to one company at no higher price than to another, and the quotations for dressed meat are the same at each establishment.

The seven packing companies having their headquarters at Chicago control the dressed meat market of the United States. They have branch establishments at Kansas City, St. Joseph, Omaha, St. Louis, Indianapolis, Louisville and Fort Worth, so it matters little to the producer what market he ships his stock to. In any event, he sells to the same people and gets the same price, minus freight charges or plus freight charges, according to the location of the market.

If this is not against the law it should be made unlawful. It is clearly in contravention of public policy and the common law rule. It appears also to be a plain violation of the Sherman anti-trust law. The operations of this predatory combine should be broken up at all hazards, and the powers of Congress and the courts should be exhausted in the effort.

Taking a lesson from the book of the Standard Oil Company, the Beef Trust first crushed out competition and now is exploiting the country at will, charging excessive prices for meats and depressing by artificial means the price of stock. It is a situation that cannot be submitted to.

Machen and his associate grafters are convinced that the President is in earnest about bringing them to punishment, even if the Democratic organs are not.

That Japan should declare a virtual protectorate over Korea was natural and inevitable. Korea has not lost her independence—she has not been really independent in centuries, having always been subject to Japanese or Chinese influence and policy. Russia's absorption of Manchuria made it clear that Korea must become either Japanese or Russian. If she became Russian, Japan would inevitably have to succumb to the same influence. The situation of the Hermit Kingdom has always made it a battle ground in wars to maintain the integrity of the Japanese empire, and its ultimate absorption by one or the other of the powers now contending for supremacy on the Eastern shore of Asia is something that cannot be avoided. Under Japanese rule the kingdom will be developed and given a progressive administration. American interests, which are extensive and increasing, will be protected and encouraged. If the Russians gain the upper hand the commerce and industries of the country will be Russianized to the detriment of American enterprise.

The Japanese have scratched the Russian President of The Hague Tribunal and found a Tartar.

The Iroquois braves have repudiated free silver, but the matter of free drinks is still in reserve.

All the steel manufacturers of Germany have entered into a trust for the purpose of regulating the output and controlling prices and wages. The twenty-eight establishments composing the trust have not been merged into one gigantic concern, but all have entered into a partnership that absolutely destroys domestic competition. Even the Steel Trust of the United States is not so sweeping an affair. Its operations are larger than its German rival, and it handles a much larger quantity of material, but it does not monopolize the steel industry of this country, and only controls about two-thirds of the iron and steel output. The German trust controls all the sources of domestic supply of the raw material as well as the entire output of the finished product. In the United States we can look at the formation of this gigantic combine with complacency, but England cannot view it with such equanimity. If all signs are not at fault, it is the intention of the German steel makers to make a desperate effort to supplant Great Britain in the steel business.

They are complaining of a car shortage in the South. A crop shortage would be a good deal harder to bear.

Lieutenant Burbank, the army officer who is trying to treat a marriage celebrated in accordance with Spanish law and Filipino custom as of no force and effect, should be given some salutary lessons as to the conduct of gentlemen. A man who enters into any sort of a marriage without intending to live up to its obligations and abide by its consequences is a blackguard unfit for the companionship of gentlemen or to hold positions of trust and confidence in the Government service.

Some of the newspapers complain because Senator Hanna left his estate to his family. Possibly they would have been better pleased had he made a trust will that would have left his estate a legacy for lawyers.

Hints for the Ladies.

Enamel cloth is suggested as a good floor covering for closets, being easily fitted and also easily taken up and relaid.

To clean plaster of paris ornaments, cover them with a thick coating of starch. Then it may be brushed off and the dirt with it.

It is claimed that with white flour and bran sifted together lace collars can be easily cleaned. Rub the mixture into the soiled parts and beat out with a stick.

To remove stains on knives take half of a raw potato, dip the cut end in brick dust, and with it scour the stained knife blades. When the stains have disappeared, polish in the usual manner.

Wash spots on clothing caused by machine oil with cold rain water and soap. This method may safely be tried when other means would not be advisable, owing to colors running, etc.

Cracks in a cooking stove can be satisfactorily filled by a paste made of six parts common wood ashes to one part table salt, mixed with cold water. Properly mixed, it will prove lasting and take blacking.

Never place feather beds or pillows in the sun, for the sun, acting on the oil in the feathers, is apt to give them a rancid smell. The right plan is to air the beds and pillows on a dry, windy day, in a shady place out of doors.

Polished ironwork can be preserved from rust by an inexpensive mixture made of copal varnish mixed with as much olive oil as will give it a degree of greasiness and afterward adding to this mixture as much spirits of turpentine as of varnish.

Don't forget that cupboards and wardrobes where clothes are kept need frequent airing. On a sunny day open the doors and leave them open for several hours. Never put away a dress bodice without first airing it. Attention to little details like this, which keep one's clothes fresh and sweet, is well worth while.

When staining a floor remember to work along the grain of the wood, never across it. A good oak stain is made by putting a couple of ounces each of potash and pearl ash in a quart bottle and filling it with water. Keep well corked. Apply with an old brush, as it will spoil a good one, and take care not to brush the skin with it, for it will cause blisters.

A good Scotch tweed which has been rendered waterproof is very useful. The process of treatment is simple. Put half a pound of sugar of lead and the same quantity of powdered alumn in a bucket of soft water. Stir at intervals till clear, and then pour into another bucket and immerse the tweed in it. Leave for twenty-four hours and then hang up the tweed to drip dry—don't wring it. Coats and cloaks made of tweed thus treated are not merely showerproof, but will keep their wearers dry in the worst of weather.

A pretty way of decorating the mantelpiece, or ornamental shelf, frequently adopted in the tropics, is to get a small wooden box, two and a half feet long and five inches wide, with the back three inches high and the front only one inch. This is filled with a mixture of mold and sand, in which are planted as many small ferns as the box will hold. The ferns in front must be planted in such a way that they fall gracefully over the edge of the box. When this box is placed on the mantle it makes as pretty a decoration as could possibly be devised. Softly shaded lamps and candles, shedding a dim light, make the simply furnished fern-decorated drawing room even prettier by night than by day.

When woolen cloth is to be pressed, but not washed, it is sometimes the question of how best to give it the dampness that will enable the hot iron to remove folds and wrinkles. Good results are to be had by wringing a sheet out of warm water, spreading it on a large table, arranging upon it the pieces to be pressed and then folding or rolling all in a bundle. After lying thus for several hours, the cloth is evenly damp, but not wet, and all creases and folds soften to the best possible condition for the ironing. The pressing rather than the wringing must be done slowly with irons not too hot nor too cold, moving them just fast enough to prevent from printing its outline on the goods. Hot enough to raise steam, but not hot enough to scorch the wool, is right for the irons. Ladies' cloth treated thus loses every crease and the too clinging softness lent it by wear. Thinner goods are handled the same way with success. The process, of course, is that followed by all tailors and called "sponging" except that no pressing follows the dampness of new cloth, it being merely spread smooth and left to dry.

TAXATION OF CORPORATIONS.

According to a San Francisco paper, at a meeting of the Board of Supervisors last night Supervisor Braunhart said that Assessor Dodge had notified the board that he would raise the Spring Valley assessment from $10,000,000 to about $14,000,000 and asked that the Assessor be called before the board that he might explain the reason for the action. Assessor Dodge said that all real estate in San Francisco would be raised this year and he deemed it would hardly be equity to advance real estate and retain the present valuation for corporate property.

The conditions which exist in San Francisco are not exactly parallel to those in Alameda county, where a considerable advance in real estate values was made last year, but what Assessor Dodge says in regard to corporate property in that city is equally pertinent to conditions as they exist in Alameda county. It is highly probable that an investigation by the Assessor would result in the discovery that there is a large amount of corporate property in this county which is not paying its proper proportion of the taxes. The ground upon which the Assessor in San Francisco proposes to increase the taxes of corporate property is that such an increase will tend to relieve to some extent the burdens of taxation upon the small property owners. There is a growing impression that the small householder in many places is paying a far greater proportion of taxes according to the value of his holdings than the large corporations. — Oakland Enquirer, March 1st.

THE TRIBUNE STATED FACTS.

The Oakland Tribune roasted the Weber & Fields' show to a nice brown. The San Francisco critics swelled the performance which the Tribune boldly says was coarse, pusillanimous and without a redeeming feature, plainly indicating that the admission fee of two dollars and a half was a robbery. It seems that the man who makes up his theater list from the observations of the San Francisco critics is likely to run up against a bunco game at any time.—Sacramento News.

SORRY PLIGHT OF TUNNEL ROAD

MERCHANTS' EXCHANGE RECEIVES LETTER FROM SUPERVISOR STOW.

There was a well-attended meeting of the Merchants' Exchange last night at which a number of matters of public interest were considered. The condition of the road in Contra Costa County leading up to the newly constructed tunnel was a subject which Secretary Wilbur Walker had been instructed at the last meeting to write to Supervisor Stow of Contra Costa County about. Complaints had been made to the Merchants' Exchange of the terrible condition of this highway and the following reply was read last night from Supervisor Stow in regard to the matter:

Walnut Creek, Cal., Feb., 25, 1904.

Wilbur Walker, Secretary Merchants' Exchange, Oakland Cal.—Dear Sir:—I reply to your of 23 inst. The road from Mr. Buckley's to the portal of the tunnel has one or two bad places; there is some of the worst adobe along there that I ever saw and it is almost impossible to do anything with it when it is wet (and thank the Lord it is wet.) As soon as it dries I will try and get it in good shape again. My man that I sent out there yesterday, informed me that it is just as good now as it has been for the past month. Just to show you that it is "a condition and not a theory that confronts" your humble servant at the present time, I will state that, according to the auditor's figures, I will have the princely sum of a trifle over seven hundred dollars ($700.00) to keep in repair 50 miles of road, on which there are more than 200 bridges and culverts, from the first day of February to the first of July. Trusting that every member of the Exchange is aware of the fact that the tunnel road shall never suffer from negligence on my part, also that some of those who travel over it spend all their time as follows, to-wit: Either cursing the Almighty for not sending the rain or the Supervisor for not having as good roads in wet weather as he does in dry. I remain as ever,

Yours truly,

J. M. STOW.

Further consideration of the matter was put over for the time being.

Charles E. Lloyd exhibited a secret process by which any inflammable material can be rendered absolutely noncombustible. Thorough tests were made. A lighted candle was placed under sheets of dry tissue paper and thin carpenters' shavings treated by the secret process. They could be charred and destroyed but it proved absolutely impossible to ignite them. The exhibition was a remarkable one. Wood can be treated by pouring the solution into it by pressure.

The Exchange formally adopted the following resolution:

"Resolved, That it is the judgment of the directors of the Merchants' Exchange that the test of the California preparation used for rendering material non-combustible has been a great success, and we recommend its use to all those needing a non-inflammable material for decorative and other purposes."

A Jonas, chairman of the Advisory Committee of the World's Fair Commission, reported on World's Fair matters.

Webb N. Pearce's appointment as custodian of Alameda county exhibits, was reported.

Special excursions, at a reduced rate to St. Louis from this county under the direct supervision of the commission will leave from here. There will probably be two or three such excursions, the first to start about the middle or end of May.

The World's Fair directors have made a rule, which while an excellent one, hits rather hard at this State. All exhibits for premiums not on hand at the opening of the exhibition will loose ten points. California's distance from St. Louis renders the disadvantage to this State obvious.

ELECT OFFICERS TONIGHT.

NEW COMMANDERS TO BE CHOSEN BY COMPANY F, NATIONAL GUARD.

At the regular meeting of Company F, Fifth Regiment, N. G. C., tonight, the annual election of officers will be repeated. The election of George Wethern as Captain and Second Lieutenant Johanson a. First Lieutenant was declared invalid on account of the fact that a quorum was not present at the last meeting. These officers will be re-elected.

SEXTON LOSES IN SUPREME COURT.

The Supreme Court yesterday denied the petition for the writ of habeas corpus of John E. Sexton, formerly of Oakland, who is now confined in the Folsom Prison for extortion committed in Placerville, Cal. Sexton was the man who acted as a Deputy Sheriff in the chase for the Folsom convicts. He was convicted in the lower court. The judgment was confirmed by the Supreme Court and later by the United States Supreme Court. The mandate of the latter tribunal was handed down while Sexton was out on bail searching for the escaped convicts.

CANADIAN DEFENSES.

OTTOWA, Ont., March 2.—The military department has handed out a statement of the new estimate for new defenses. The first line of defense will consist of 100,000 men of which 46,043 will be the peace establishment and the remainder the war establishment. A sufficient number of officers are to be trained with this line of defense to furnish officers for a second line of defense of another 100,000 men if required.

The officers and men of the first line are divided into two classes—those engaging for both peace and war service who will be paid and be liable for training in peace, and those engaging for war service only.

The House that Saves You Money

ENTERTAIN FOR DAUGHTER.

TWELVE-YEAR-OLD IRMA KELLY CELEBRATES SECOND BIRTHDAY.

ALAMEDA, March 2.—Mr. and Mrs. T. H. Kelly entertained a few of the young friends of their little daughter, Irma, on Monday last in honor of her second birthday. Irma was born on February 29, 1892, and although she is twelve years old, she has seen but two birthdays since that time.

The house was prettily decorated in pink and green and the favors were in the form of clover leaves. Games and music were enjoyed and refreshments served.

Those present were George Culbert, Alexander Hunter, Julia Culbert, Elsie Hammond, William Culbert, Spencer Brown, Ruth Hammond, Hazel Smith, Tessie Brown, Gladys Brown, Catherine Davis, Clare Boland, Lillian Sorensen, Florence Brampton, Susie Jenerett, Estelle McAllister, Frank Colburn, William Frank, Irma Kelly.

CHIEF'S REPORT.

In his report for the month of February, Chief of Police John Conrad shows that eighteen arrests were made, classified as follows:

Embezzlement 1, battery 2, drunk 5, vagrancy 2, disturbing the peace 4, violating city ordinances 2, burglary 2. Seventy-three meals and five lodgments were furnished at the City Prison. For licenses $46.10 was collected.

TO INSTALL NEW PLANT.

The lamps and machinery for the new arc light system have arrived from the East, but the City Trustees have decided not to install the new system until the last of this month, beginning about the 22nd inst. It will then be moonlight and the plant can be shut down with very little inconvenience.

WILL ENTER CONTEST.

Notwithstanding their recent defeat at Stanford by the Commercials of San Francisco, the debating team of the Alameda High School will enter the new tournament of the Debating League. The first debate will be with the team of the Stockton High School on April 29. The question will be submitted by Stockton and the Alameda team will have the choice of sides. The try-out for the Alameda High in this contest will be held in the local school assembly hall on March 11.

The question to be argued will be: "Resolved, That the tariff on all trust-made articles should be abolished."

Those who will enter the try-out are: Frank O'Brien, Ford Samuels, R. A. Daggs Jr., Ralph Marx, Jerome Politzer, Norman D'Evelyn, Arthur Rader, Arthur Alvarez, D. Mederaft, Fletcher Slosson and Loren Hendry.

TO BUILD NEW CHURCH.

The First Congregational Church here is contemplating the erection of a handsome and commodious edifice on the site of the present building at Central avenue and Chestnut street. The new church will cost about $25,000. Work will be commenced on it within a few weeks.

SMALL FIRE.

Early yesterday morning the residence of Mrs. Dominguez Gomez at Market street and San Jose avenue caught fire during the absence of Mrs. Gomez. The house is located some distance from the nearest hydrant, and the firemen who answered the call found it necessary to lay 1700 feet of hose to reach the flames. The damage amounted to about $100.

BRITISH CONSUL'S SON DIES.

ALAMEDA, March 2.—Wellesley Ziel Moore, the only son of Wellesley Moore, the British Consul at San Francisco, and Mrs Bertha Louise Moore, died at the family residence here, 1623 San Jose avenue. He was a native of California, aged 8 years. Funeral services were held in the German Emanuel Lutheran Church this afternoon at 2 o'clock. Interment took place in Mountain View cemetery.

RETURNING FROM BUENOS AYRES.

COLON, March 2.—Lieutenant-Colonel Biddle, U. S. M. C., and his Aide-de-camp Williams, are passengers on the steamer City of Washington which sailed for New York yesterday. The secretary of the United States Legation at Buenos Ayres is also aboard the City of Washington.

WIFE GIVEN DIVORCE.

A decree of divorce was granted Martha Hand this morning by Judge Ellsworth from George Hand on the grounds of willful neglect. She charged him with having failed to contribute towards her support in any way for some time past. He made no contest of the action.

HUSBAND SLAYER IS ACQUITTED.

NEW KIRK, Okla., March 2.—A jury here today acquitted Mrs. Newton Farris, charged with the murder of her husband at Kaw City, August 6th, last. Mrs. Farris shot her husband while he was abusing her.

RATES ARE CUT.

CHICAGO, March 2.—The Chicago Great Western has renewed its attack on the Chicago and Northwestern by announcing a further cut of 2 cents a hundred pounds in the rate on grain from Missouri river points to Chicago. The new rates which will be four cents on wheat and three cents on corn will go in effect next Friday.

The rates from Missouri river points to Chicago are now only about one-half of the rates in effect from the Missouri river to the Mississippi river.

DENIES THE REPORT.

NEW YORK, March 2.—James B. Colgate Jr., of this city denies the report that his nephew, James C. Colgate, Wis., had become incane from excitement after receiving a legacy of $1,000,000 from his grandfather, the late James Colgate, who died several months ago in Westchester county.

"My nephew was not a legatee under the will," said Mr. Colgate. "I have been in correspondence with him right along and his last letter stated his intention to at once enter college in Milwaukee."

SHORTENS RUN TO LOS ANGELES

COAST LINE TRAINS WILL USE CHATSWORTH PARK CUT-OFF.

In a few days the coast line route between Oakland and Los Angeles will be shortened seven miles in distance and twenty minutes in train time by the opening for regular service of the Chatsworth Park cut-off. The latter is fifty-nine miles of entirely new road extending from Montalvo, a station a short distance east from Santa Barbara, in a southeasterly direction to Burbank, a station on the main line just north of Los Angeles.

The new piece of road will do away with through coast line trains by way of Saugus and the San Fernando tunnel. That route has many sharp curves and steep grades. On the Chatsworth Park cut-off curves and grades have been largely eliminated by the boring of three tunnels in the mountains at Chatsworth Park. One of the tunnels is 7,369 feet long, the longest in the State and 400 feet longer than the San Fernando tunnel. The other two tunnels are, respectively, 600 and 900 feet long. The reduction of grades and curves to a minimum on the new piece of road will, in connection with the fact that it is seven miles shorter than the route via Saugus, enable a reduction in train time as mentioned.

The ballasting of the new line is about finished and the operating officials will take charge in a few days.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

CONSUL FOR BOSTON.

CHICAGO, March 2. — William Wyndham, British Consul at Chicago has been appointed Consul for Great Britain at Boston, a post made vacant by the recent death of the British Consul in that city.

Mr. Wyndham will leave for his new post in a few days.

As yet no successor has been chosen to take the Chicago Consulate.

EARLY OPENING YE LIBERTY.

TICKETS ON SALE MONDAY FOR OPENING PERFORMANCE MARCH 14TH.

Ye Liberty Playhouse is rapidly attaining to its final appearance and the management expects to have everything ready for the opening March 14th.

The new theater is attracting a great deal of attention from all sides and crowds of people seek to get inside and see the place. These people are barred however, as the presence of outsiders would interfere with the workmen. It is hoped to give the public an opportunity however to examine the theater before its opening, and due announcement will be made of the day.

James Neill and his company are to present "A Bachelor's Romance" on the opening night and will arrive in Oakland several days in advance of that date and, as the stage is completed, there will be ample time to get everything into working order for the first performance. Owing to the entrance not being ready the sale of seats for the first week will be held at Sherman, Clay & Co., beginning next Monday.

SOMETHING NEW FOR OAKLAND.

An Experiment That Is Proving Satisfactory.

When L. Wiener, the manufacturer of juvenile outer garments in San Francisco, secured a long term lease on the handsome store at Tenth and Clay and stocked it with the best and most artistic ladies' outer garments, he was trying out an experiment.

In many cities, stores that carry high grade wares and cater to exclusive trade are located on side streets. The advantages of side streets are manifold, a more quiet place for trading and a more artistic arrangement of store windows and other features are in favor of side street stores.

A. S. Gotthelf, the manager, has been identified with the cloak and suit business for many years in Oakland and has a clientele that desire to trade where ever he may be, because of his square and upright dealings.

BERKELEY, March 2.—In his lecture to the College of Commerce Club recently Charles Spear, president of the State Board of Harbor Commissioners, invited the club to take a trip around the bay with him.

This trip will be taken next Sunday from 10 a. m. to 4 p. m. All members of the club who desire to attend should hand their names to Carlton Parker, '04; B. A. Einstein, '07; Hugo Miller, '05; D. S. Adams, '05, or President McCulloch, '04, at once. During the trip the dry dock, Union Iron Works and Goat Island training station will be visited.

KILTIES BAND PLAYS BEFORE THE STUDENTS

BERKELEY, March 2.—The famous Kilties Band gave a successful concert at the University this afternoon for the benefit of the music and dramatic fund of the University. The band is composed of Gordon Highlanders from Canada. The following was the program:

Overture, Oberon; bagpipe solo, Major Albert Johnstone; Potpourri, gems of Scottish songs; Scotch reel, the Clan Johnstone troupe; suite, Gipsy life (a) Morning (b) In the Woods (c) Dance (d) Chant d'Amour (e) Tarentella (f) Finale; part. song, "Robin Adair," the Kilties choir; sword dance, Tom Johnstone; (a) two-step, "Dixie Girl" (b) Indian intermezzo, "Wenonah;" tenor solo, "Afton Water," J. Coates Lockhart; Fackeltanz, descriptive piece, "Down on the Swanee;" prelude to the third act of "Lohengrin."

AGRICULTURISTS ELECT OFFICERS.

BERKELEY, March 2.—The Agricultural Club at the University of California has elected the following officers:

President, Sam Stow; vice president, Miss Alice R. Thompson; secretary, Frank Kellogg; treasurer, W. W. Bullock.

The organization has planned a series of excursions into the surrounding country to see the practical workings of some of the larger ranches and dairies.

TO MOVE SCHOOL HOUSES ON CENTER STREET.

Bids for the Work of Improvement Are Received by the Board of Education.

BERKELEY, March 2.—At the regular meeting of the Board of Education last night bids for the work of moving the buildings on the Center street school site to face Allston way were received from William W. P. Grant and W. Suell and Son. Grant offered to move the buildings for $1712 and to do additional brick, carpenter and plumbing work for $2150. Suell's bid was $2680 for moving the buildings. The bids were referred to the school houses and sites committee.

Bids for the building of a shed at the San Pablo School were received as follows: Pearson and Olson, $178; N. Person $186. The work of erecting the shed, which is to be 16 by 80 feet in dimensions, was awrded to the lowest bidder.

REPORT OF AUDITOR.

The following report was filed by Auditor M. L. Hanscom:

Balances on hand: Town School fund, $1893.27; High School fund, $3521.76; County School fund (overdrawn), $1697.36; State School Fund, $10,674.38; County Library, $108.70; State High, $4390.62.

REPORT ON VACCINATION.

In making a report on vaccination Superintendent of Schools Waterman stated that he had ascertained that more than one-third of the pupils in the schools were not vaccinated.

RECORD OF ENROLLMENT.

Superintendent of Schools Waterman reported 31 new pupils to have been enrolled during the month of February. The number of boys enrolled was 1838 and the number of girls 1858.

NEW PHYSICS TEACHER.

Ray J. Young, teacher of physics in the Berkeley High School, asked for a leave of absence until the end of the present term. Director Weir declared that the leave should not be granted as but three months will elapse before a class will be graduated. He said that Mr. Young was not ill and that the request should not be granted.

Director Knowles spoke in favor of Young and when a vote was finally taken on a motion to grant the leave of absence the balloting stood:

No, Weir; ayes, Knowles, Donahue, Schmidt and Allen.

A. M. Sheldon, an assistant in physics at the University, was elected to fill the temporary vacancy.

The question then arose as to whether Mr. Sheldon should be paid for the entire month of June as Young would under the rules of the department, despite the fact that three days will be taught in the month of June. It was finally decided to give Sheldon three-tenths of the June salary and Young seven-tenths.

CENSUS MARSHALS.

Thomas Stevenson, Daniel S. Adams and A. H. MacDonald filed applications for the position of school census marshal.

LESSONS IN ORATORY.

Professor Albert Schaack presented a proposition to introduce oratory into the High School. The cost of introducing the lessons into the school for the remaining three months of the school term was to be about $500 or about half that sum for the boys. The proposition was referred to the committee on course of study.

SOCIAL BREVITIES FROM BERKELEY.

BERKELEY, March 2.—A delightful whist party was given at Lorin Hall Monday evening, by the Independent Order of Lions. This was the regular monthly meeting of the Whist Club, the tournament being given for the benefit of the Lodge.

Fully one hundred and fifty persons were present, and the games were played at twenty-five tables.

Mr. Max Maretzer, chairman of the tournament, presided during the evening. Twelve prizes were rewarded to the best players. Mr. Poutain secured the first prize by making the highest individual score. The prize received was an elegant tea set.

The second prize was awarded to his wife, Mrs. Poutain, for making the second highest score. Among the other prize winners were the following: Mrs. Housten, Miss Brackett, Mrs. O. M. Kellogg and Jesse Silverstein.

The tournament ended at 10:30, when the floor was cleared, and dancing was indulged in for the remainder of the evening. The crowd retired at 12:30 after spending a most enjoyable evening.

EASTERN STAR ENTERTAINMENT

The De Koven Club will give an entertainment under the auspices of the Eastern Star at Shattuck Hall next Tuesday evening. They have a fine repertoire of songs including some of the decided hits of other days such as "Mrs. Winslow's Soothing Syrup," Brahm's "Lullaby" and "The Hanover Winter Song." Besides these there are some new songs including "Hark the Trumpet Calleth" by Dudley Buck; "My Home is Where the Heather Blooms" by De Koven and "Seamen Three" by Bullard.

Besides the club numbers there will be humorous sketches by Schwartz, Fellows and Walker and Merrill and De Leon.

GIVE A HOUSE-WARMING.

A very pleasant house-warming was given to a score of San Francisco friends last Saturday evening, by Mrs. Captain William Browne at her new home, corner of Ashby avenue and King street. The house was very artistically decorated with shaded lights and flowers.

Musical talent was abundant and the pleasant hours slipped away until midnight, when an elaborate supper was served.

Mrs. Browne was assisted by her daughter, Miss Mathyld S. Browne, in receiving the following guests: Miss Isabelle Edwards, Miss Mollie Fried, Mrs. Ella Craig, Miss Harris, Miss Aime Browne, Miss Bertha Boe, Mr. and Mrs. W. F. Browne, Dr. and Mrs. Nickolls, Mr. and Mrs. Marshall Nickolls, Mr. and Mrs. Boe, Mr. and Mrs. Earl Little of Piedmont, Mr. and Mrs. Louberts, Messrs. Harry Banks, Will Kells, Will Fenstermacher, Alexis L. Browne, Robert C. Browne.

COMPLICATION ON STOCK EXCHANGE.

NEW YORK, March 2.—An interesting complication which presumably can be settled only by the arbitration committee has arisen on the stock exchange in regard to transactions in Erie first preferred. Payment February 29th of a second semi-annual 2 per cent dividend on this stock automatically terminated the existence of the old voting trust according to the terms of the agreement dated January 1, 1896, under which voting trust certificates were issued. It is now proposed to extend the voting trust five years and the voting trustees have announced that pending the consent of a majority to such extension the transfer of voting trust certificates will be continued until May 1st. The authorities of the exchange, however, have ruled that the certificates bearing date later than February 29th are not a "good delivery."

The position of the governors is that, according to the terms of which the certificates were listed, the voting trust expired February 29th, and that a voting trust certificate dated March 1st or later cannot be considered a "good delivery."

So long as the ruling continues in force trading in the stock mentioned necessarily will be confined to voting trust certificates issued on or before February 29th. There is nothing to prevent transactions outside the exchange while the matter is referred, as it possibly will be, to the arbitration committee.

STUDENTS ACTED RUDELY AT CARNIVAL.

College Editor Declares University Men Gave Disrespectful Yells at Recent Labor Day.

BERKELEY, March 2.—That some of the students of the State University acted in a rude manner during the Labor day celebration on the campus Monday is the declaration made by Editor J. Gustav White in this morning's issue of the Californian, the student daily paper.

The editorial reads:

"The rough-house on Monday, playful and otherwise, demonstrated the unity of the engineering colleges as opposed to the loose organizations of the culture course men. But it also demonstrated the rowdy behavior of some of these technical college men—especially one college. We cannot imagine, for instance, any crowd of ordinary workingmen sitting down beside a group of women—as some college men did Monday on the bleachers—and giving their disrespectful 'hell' yell. Workingmen would display more refinement. We might as well be plain and say that the action of this particular 'push' reflected ill on the University they served on that day.

"We would not say that their actions were backed by the entire membership of that college. It was rather due to the instigation of several turbulent spirits who were followed by some elements of the college—not the best. The reason our attention was especially attracted to their conduct was because it was but a repetition of similar disrespect for women students' feelings displayed in the Greek Theater at the time of the junior class pictures.

"Again we all failed signally to behave as gentlemen when the pies arrived. Think you such conduct would have been indulged in if we had been visiting some strange university and the women students thereof should serve us? Not much! We would not condemn ourselves as vicious but as being thoughtless beyond our years."

WILL INVESTIGATE THE TRAIN WRECK.

This afternoon Coroner Curry of Contra Costa county will hold an investigation of the wreck of the two trains at Luzon siding on the Santa Fe system last Saturday night, which resulted in the death of the engineers of both trains.

The wreck was caused by the throwing of a switch by a colored porter who turned the train the wrong way and sent it crashing into a train on the siding.

The funeral of Engineer L. L. Baker was held today from his late residence on Bissell avenue and Third street in Richmond. The funeral services were conducted by the Rev. J. S. Macdonald, pastor of the First Presbyterian Church, assisted by the Rev. H. J. Laken of the Richmond Christian Church. A large number of friends of the deceased attended the services, most of those at the house being employes of the Santa Fe Company.

After the services at the home the body was placed aboard a Southern Pacific train and with the mourners conveyed to Oakland, where interment took place in Mountain View Cemetery.

The remains of Engineer Bennett were taken from Martinez today by his mother to Stockton, where the funeral was held.

TEACHERS TO MEET THURSDAY AFTERNOON

Superintendent McClymonds has issued the following notice:

"There will be a teachers' meeting on Thursday afternoon, March 3, at 3:15 o'clock, in the Common School Assembly Hall, for all principals and teachers of third to eighth grades inclusive. T. L. Heaton will give a talk on 'Economics and Geography.' Principals will close their schools in time for all teachers to be present at the appointed time."

TROOPS IN GOOD CONDITION.

ST. PETERSBURG, March 2.—General Soukhotine, who is on his way to the Far East, telegraphs to War Minister Sakharoff from Tomsk, Siberia, as follows:

"During my long journey I saw several divisions of troops. Their transport was proceeding in perfect order. The men were provided with warm clothing. At Chelinbinsk, everything is under the close control of the military chief of the district, who sees personally that the troops are supplied with warm garments."

JAP STUDENT OFF FOR WAR.

ORIENTAL GRADUATE OF NAVAL ACADEMY IS CALLED BY HIS COUNTRY.

BERKELEY, March 2.—T. Murakami, a graduate from the College of Chemistry at the University of California, has been recalled by the Japanese government to accompany the British army officers to the scene of hostilities in the Far East. Before entering the University, Murakami was a cadet at the United States Naval Academy. Since his graduation from the University he has been secretary of the Japanese Y. M. C. A. on the coast. Murakami left Saturday on the China.

GOES SOUTH TO ATTEND CONFERENCE OF MINISTERS.

BERKELEY, March 2.—Rev. W. S. Matthew has departed for Los Angeles to attend the conference of Methodist ministers.

Professor A. C. Lawson of the mining department was elected president of the graduates of the University of Toronto, Can., at a reunion and banquet held recently in San Francisco.

On account of an accident L. Hutchinson, instructor of commercial geography, will be unable to meet his classes until further notice.

W. G. Sharwood is absent from college on account of illness.

Ed Hussey visited college last week.

PHOTOS ILLUSTRATE THE LABOR CARNIVAL.

BERKELEY, March 2.—A series of photographs are to be made and placed in the University library as a souvenir of the recent Labor Day among the students of the University.

TO NOMINATE EDITORS OF THE BLUE AND GOLD.

BERKELEY, March 2.—At a meeting of the Sophomore class of the State University to be held next Friday morning, the editor and manager of the 1906 Blue and Gold, the annual college publication, will be nominated.

LIPMAN AND CASTRO FINED.

H. M. Lipman and Edward Castro, who were accused of having disturbed the peace in a Seventh street restaurant, were fined $10 in the Police Court.

NEW CARS FOR FRUITVALE.

PEOPLE COMPLAIN OF SEA SICKNESS FROM THEIR MOTION.

FRUITVALE, March 2.—To accommodate the heavy travel on Fruitvale avenue in the evening, two old cars have been joined together. The old cars look as well as new, having been painted and generally overhauled. The old cars go jolting along the avenue with a motion similar to an ocean-going steamer in a stormy sea, and many people are complaining of sea-sickness. Others who pose as "old tars" claim to enjoy the sensation, as it reminds them of by-gone days.

NEW FIRM.

F. V. Matteson, the real estate agent of Fruitvale, has associated himself with A. G. Snetsinger and will do business under the firm name of Snetsinger & Matteson, at 1214 Fruitvale avenue. The new firm has a number of sales to be consummated in the near future.

FIRE STARTED.

The child of Mr. and Mrs. C. Burk, which was burned in the Fruitvale Hotel fire Saturday, is much better.

The children were playing with matches in the parlor of the hotel, when the lace curtains caught fire. If it had not been for the prompt service of the fire company the building would have been destroyed.

INITIATE CANDIDATES.

Fruitvale Lodge, No. 69, I. O. O. F., will initiate a large class of candidates before March 15. The lodge has taken a boom in the last few months. The third degree will be conferred at the time. A banquet will be served after the degree work is performed. Many visiting Odd Fellows are expected to witness the ceremony.

PERSONAL NOTES.

G. Warren of the Fruitvale Pharmacy, who has been confined to his home on account of his eyes, is again at his place of business.

Mrs. A. Simpson is again out after a long and serious illness.

Dr. Callen was called to Elmhurst Monday on account of sickness in the family of E. Slater.

Peter H. Ruff, who attempted suicide at his home last week, is able to attend to business.

Joe Thompson paid a business visit to San Francisco Tuesday morning.

THIN FOLKS

Should know that perfect digestion and assimilation of the food is the first essential to the putting on of solid flesh. Persons who have a weak stomach and suffer from Dyspepsia, Indigestion and Constipation are always thin, because they fail to derive proper nourishment from their food. Try Hostetter's Stomach Bitters at once. It will strengthen the stomach, perfect digestion and build up firm, solid flesh. It never fails.

HOSTETTER'S STOMACH BITTERS

NEW POTTERY IN HAYWARDS.

A. A. ATKINSON TALKS OF ESTABLISHING A TILE PLANT.

HAYWARDS, March 2.—A. A. Atkinson, who recently came from the East to California and has purchased the "old Mulvehill lot" on B street, has let fall the remark that he will possibly erect a pottery at Haywards.

In the course of a conversation Mr. Atkinson said that he was familiar with the enterprise and thought it could be made a great feature of Haywards, as he had noted the clay earth in this vicinity. He further said: "I think that Haywards is well adapted for some kind of a pottery plant. We might start with a tile-making factory, which would cost about $15,000 and give employment to from thirty to forty men. The clay could be mined here at a far less cost than in the East, as the clay is of a much higher grade. For a market we have all of the Pacific Coast, which now sends East for nearly everything used in that line. I intend to make my home in Haywards, and I hope some day to see a big pottery works established here."

Mr. Atkinson is planning to put up a number of houses during the coming year. The houses will be for renting purposes. The announcement of new buildings comes at a time when Haywards has not a vacant house for renting purposes.

TO DONATE LOT.

Since Andrew Carnegie has promised to give $10,000 to erect a library building if a suitable location can be found, there have been dozens of lots offered by public spirited people. P. Anspacher offers any lot in the "Haywards tract," which lies in the west part of town. W. Lawrence and Town Trustee M. C. Peterson have both offered to donate ground for the structure. As yet a selection has not been made.

EARTHQUAKE.

At 6:10 Tuesday morning a decided earth tremor was felt here. No damage resulted from the shake.

CANNERY CREW.

A small crew of men are now at work straightening out the Hunt Cannery in view of the coming fruit season. The cannery expects to handle a larger amount of fruit this year than ever before.

HAYSEEDS DRESS ACCORDINGLY.

ELMHURST WHIST CLUBS PLAY FOR HANDSOME TROPHY.

ELMHURST, March 2.—Finally the Pastime Whist Club and the Hayseed Whist Club met to play for the honors of Elmhurst. The prize was won by the Hayseeds by a majority of one hundred and eighty-seven points in twenty games.

A novel feature was introduced by the Hayseeds. When the hostess, Mrs. Lucy Barker, opened the door to receive the guests she was surprised and astonished to find a delegation of ranch hands. The men were dressed in overalls and hobnailed boots and were in their shirt sleeves.

The women were dressed in ginghams and in dairy aprons. At first the Hayseeds were not recognized but it was not long before the humor of the situation dawned on all present.

The trophy was a bronze clock, given by Mrs. Barker and Dr. Lynch. The respective clubs awarded many prizes to individual players.

The house was beautifully decorated with evergreens and potted plants. Light refreshments were served during the evening. The presentation speech was made by Dr. Lynch.

The teams were made up as follows: Hayseeds—Dr. and Mrs. Smith, Mr. and Mrs. Tudeman, Mr. and Mrs. Olson, Mr. and Mrs. Higgens, Mr. and Mrs. Clayton, Mr. and Mrs. Jackson, Mr. and Mrs. Arbett, Mrs. Hitchfield, Miss Kleufer, Miss Lilly Arlett. FORESTERS LODGE GROWING.

SEVERAL INITIATED LAST NIGHT AND INSTITUTION PROSPEROUS.

EMERYVILLE, March 2.—The Foresters met last night and held one of the most enjoyable meetings since their organization. Five candidates were received into the order. Arthur Webb was the presiding officer. The lodge is rapidly growing and much enthusiasm is evidenced by the members.

After the initiations a spread was given and the lodge adjourned with a profitable evening to its credit.

JOHNNY WALL'S BIRTHDAY. ....

Johnny Wall, the well known driver of the starter's rig at the race track, celebrated the day of his birth yesterday by giving a dinner to his many friends. Many post prandial speeches were indulged in, centering principally about the question, "How old is Johnny?" Johnny will not tell his real age yet he confided to your correspondent that he was somewhere between forty-four and ninety-six, but just where he was not sure. The banquet was enjoyed by all present. A purse was presented to Johnny and the accompanying card read: "To Johnny Wall, who always gets to the post just behind the first two horses."

FOR CLOSER RELATIONS.

NEW YORK, March 2.—Preliminary steps have been taken for the formation of a central body to be composed of the secretaries of all the employers' associations in New York. The purpose is to bring them into closer association in dealing with the labor unions so that the handling of all transactions between the employers and the wage earners may be greatly simplified.

It was rumored among union men that the meeting was the first step in the direction of the amalgamation of all the employers' associations in New York, but this was emphatically denied by leading employers.

The secretaries in the new organization will represent invested capital of half a million dollars.

MAIL ORDER MAN ARRESTED.

CHICAGO, March 2.—W. J. Pomeroy, who is said to have conducted a mail order business under the name of "The International Bank," has been arrested by Deputy United States Marshal Thomas Middleton on the charge of using the word "National" illegally. Pomeroy's scheme involves the selling of "bonds" on a sort of endless chain system which he says is legitimate.

A BRUTAL SON.

NEW YORK, March 2.—Angered by the sight of his father knocking his aged mother down when she protested against pipe smoking in their home at Woodhaven, Long Island, Theodore Schrainer, nineteen years old, has probably shot his father. Smoke from the latter's pipe had caused Mrs. Schrainer to cough violently. A quarrel followed which led to the shooting.

TOWN TRUSTEES MEET.

OFFICER APPOINTED FOR SAN LEANDRO TOWN ELECTION.

SAN LEANDRO, March 2.—The Town Board of Trustees held a special meeting Monday evening to appoint the officers for the coming spring election. For president No. 1, W. Helms, inspector; S. C. Estes and G. Domback, judges; P. E. Gray, J. S. Fields, clerks; A. J. King and L. J. Whalen, ballot clerks. Second precinct, H. P. Hurser and F. Gorela, inspectors; M. S. Fields and W. H. Gray, judges; T. B. Ury and L. J. Toffelmier, clerks; F. Webber and Charles Rantzan, ballot clerks.

Chairman Eber J. F. Hopper and Jas. Quinn are the members of the board of trustees whose terms of office expire this year.

Marshal Geisenhofer and Treasurer Joseph Herrscher also go out of office.

So far there seems to be no great rush to fill the vacancies on the board. E. Hoerst is the only candidate who has announced himself. For the office of City Marshal there will be no dearth of candidates. The present incumbent, Geisenhofer, will seek a re-election, while E. Grundman, M. Borge and probably Wm. Dowd, will also be in the field.

For City Clerk L. J. Martin, the present occupant of the office, and J. W. Bulen will contest, with, undoubtedly, many others to hear from.

As yet there has been no aspirant for the office of City Treasurer to succeed Joseph Herrscher, who refused to be a candidate, as his business interests are in San Francisco.

MASQUERADE BALL.

The Foresters' Band are planning to give a masquerade ball in U. P. E. C. Hall on Saturday evening, April 2. Many prizes will be given to the best dressed and best sustained characters. The event promises to be one of the most successful entertainments of the season as the committee of arrangements will spare nothing to assure a successful evening. The committee of arrangements is comprised of John Bigler, O. P. Burnett, and F. S. Rogers.

The floor committee consists of W. P. Rogers, Jack Vallence and Bert Rogers.

"GOOD GROWING WEATHER"

When the New Scalp Antiseptic is Used

A good head of hair is as much a "crown of glory," for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite, the bald-headed man can sympathize with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herpicide? Others have been benefited and are loud in its praise. It cleanses the scalp, kills the germ at the root of the hair and by keeping the scalp sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Michigan. Bowman & Company, special agents.

NO ANSWER YET RECEIVED.

SICKNESS PREVAILS AND BAY SCHOOL QUESTION UNSETTLED.

GOLDEN GATE, March 2.—Nothing definite has as yet been done regarding the Bay School lower rooms. While no official notification has as yet been received it is announced that soon an inspector will be sent here to look into the case.

Sickness among the little ones who occupy these rooms is still prevailing and much anxiety is felt among the parents.

MANY ILL WITH GRIPPE.

The recent inclement weather has compelled a large number to bow to that disagreeable disease La Grippe. Severe colds are prevalent in all parts of the town and many are confined to their homes.

THE DIAMOND.

There was a ball game on the baseball grounds yesterday between two "scrub" nines. No regular teams met.

GOOD SUM REALIZED.

At the benefit given at Mrs. Lowar's by the King's Daughters for the Methodist Church twenty-five dollars was realized.

VISITS STOCKTON.

Miss Henrietta Parke has gone to Stockton to visit friends and relations. She will be absent about two weeks.

NATIONAL CONSUMERS' LEAGUE IN CONVENTION.

NEW YORK, March 2.—Representing sixty organizations and a membership of 10,000 the National Consumers' League is holding its fifth annual convention in this city. Delegates are present from eleven States.

At a public session several persons interested in charitable work spoke, among them being Homer Folks, former Commissioner of Charities. He said:

"If we could only look behind the price and the appearance of products to the processes and conditions by which they are produced we would be better consumers and better citizens. If the men could see upon their cigars the fingermarks of the seven thousand children employed in the manufacture of the tobaccos, if the women who experience such delight in purchasing fabrics of silks and cotton could see upon those articles the tears of 45,000 children employed in their production, the Consumers' League could discontinue its labors."

SPIES IMPRISONED.

NEW YORK, March 2.—Many alleged spies have been identified and imprisoned in the Japanese seaports during past three weeks according to a World dispatch from Nagasaki.

One masking as a coolie was found on board the transport Gambu Maru as she was leaving Port filled with soldiers. Before he could be taken he jumped overboard. When he arose and was swimming the ship's guard shot him to death.

MEDICAL MEN AT DINNER.

MEET AND DISCUSS BEST METHODS FOR INSTRUCTION.

NEW YORK, March 2.—More than 300 physicians, among whom are eminent practitioners and men connected with institutions of medical learning from almost every State east of the Mississippi and some from beyond, have attended a dinner here to commemorate the twenty-first anniversary of the inauguration in this country of post-graduate medical instruction and to honor Dr. St. John Roosa, president of the Postgraduate Hospital in this city, and a pioneer worker on behalf of the form of practical education it affords the medical profession.

Dr. William Osler of the Johns Hopkins University, who attended Senator Hanna, spoke on the need of postgraduate instruction for specialists. He says several improvements are necessary if medical instruction in this country is to answer its purpose, purpose.

The third and fourth year medical students should have the right to pursue their studies in the hospitals and a better equipment is needed for the postgraduate schools. He also urged the necessity of reciprocity between the various State boards to obviate the need of a physician moving from one State to another undergoing a separate examination each time.

"The fourth improvement needed is a merger in medicine," said Dr. Osler. "We should look forward to a consolidation and unification in medical teachings. At the present time we are wasting too much money duplicating expensive teaching plants. I have no doubt that fifty years from now there will only be one great institution for the technical teaching of medicine with all practical instruction given in the various hospitals."

Dr. W. M. Keane of Philadelphia spoke of "The Necessity for Increased Endowment for Medical Institutions." He called attention to the fact that the endowment for theological schools amounts to $2250 for each student of theology, while the endowment for medical schools amounts to only $83 per student.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at Osgood Bros. Drug Store, Seventh and Broadway.

If you are tired taking the large old-fashioned griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them.

Falling Hair and Baldness

Can Be Cured

There is but one way to tell

the reason of baldness and falling hair, and that is by a microscopic examination of the hair itself.

The particular disease with which your scalp is afflicted must be known before it can be intelligently treated.

The use of dandruff cures and hair tonics, without knowing the specific cause of your disease, is like taking medicine without knowing what you are trying to cure.

Send a few fallen hairs from your combings to DR. L. WILLIAMS, THE CELEBRATED AUSTRIAN BACTERIOLOGIST AND DERMATOLOGIST, who has had twenty-nine years' practice in diseases of the hair, skin and scalp, and he will send you ABSOLUTELY FREE a diagnosis of your case and a sample box of the remedy which he will prepare especially for you.

HOME CLUB AND ITS PURPOSE.

BETTERMENT OF HOMES OF BOTH MEMBERS OF ALL KINDS OF PEOPLE.

There is a new club in Oakland, both for men and women, organized on the lines of a social club, yet founded with a purpose—the betterment of homes, hence, its name, "The Home Club." The thought and study of the club are to be devoted, not only to the homes of its own members, but to the homes of all classes and to every phase of home life—social, ethical, scientific and practical.

CLUB HOME.

This club has held a few preliminary meetings and is now about to move into a new building erected for its use by Mr. and Mrs. F. M. Smith and leased to the club by the trustees of the Mary R. Smith cottages. This building, completely furnished and handsomely decorated, contains an auditorium, a stage, reception room, smoking room, library, banquet hall, kitchen and dressing rooms. Its situation, on Fourth and Cottage avenues, commands a glorious view of the hills and of Oakland and may be quickly reached by the Fourth avenue line of electric cars. This building will also be rented to other clubs and individuals for meetings, entertainments, etc.

OFFICERS.

The officers are: Mrs. F. M. Smith, honorary president; Miss Ethel Moore, president; Mrs. Henry Wetherbee, first vice president; Mrs. Franklin Bangs, second vice president, Mrs. W. S. Goodfellow, third vice president; Mrs. T. C. Coogan, recording secretary; Miss Emma R. Wellman, corresponding secretary; Mrs. Q. A. Chase, treasurer.

RETAIN NAME TELEGRAPH AVE.

At the last meeting of the club, February 17, it was unanimously decided that the club protest against the changing of the name of Telegraph avenue because of its historical association as a landmark. At the same meeting the following resolutions were passed:

"Whereas, death has broken our circle and has taken from us one of our beloved members;

"Resolved, That in passing from this life of Mrs. W. F. Kelly, the Home Club has lost a devoted and faithful member and an earnest co-worker in the cause for which we are united.

"Resolved, That in this time of deep sorrow, we give to the bereaved husband and son our profound sympathy."

DISCUSSES AMERICA'S POSITION.

NEW YORK, March, 2.—M. Hanotaux, former Minister of Foreign Affairs, in an article on the Far Eastern situation says, according to a Times dispatch from Paris that one of the most noteworthy features of the present time has been the action by which the United States has taken up a position with regard to the future course of international events. The American program, he asserts, consists in the creation of settlements and stations for provisioning the approaches to the great highway of the new world, as England has done for the great highway of the world.

OLDEST MANAGER AND FIRST.

JOHN MAGUIRE TELLS OF EARLY THEATRICAL ENTERPRISES IN OAKLAND.

John Maguire, the oldest theatrical manager in the United States and first manager in Oakland, is in his city, representing Miss Jessie Shirley, who plays a "Modern Magdalen" at the Macdonough Theatre next Sunday night.

Mr. Maguire was formerly a resident of this city, having come here from San Francisco in 1869. In 1872 he left Oakland and returned to San Francisco. Subsequently he took up his residence in Butte, Montana.

In conversation with a TRIBUNE reporter today he spoke of many of the changes which have taken place during the twenty-seven years of his absence from Oakland.

SURPRISED AT OAKLAND'S GROWTH.

"I need," he said, "hardly say how surprised I am at the magnificent city which confronts me at the present time. When I first came to Oakland its population was about 1000 and, about where THE TRIBUNE building stands today, might well have been called the suburbs.

FIRST OAKLAND THEATRE.

"In '69, together with a number of professional people from various theatres in San Francisco, I came over here to reside. I was not long in becoming acquainted with many of Oakland's citizens. There was not a theatre in Oakland at that time and I wondered why this was so. I though that it would not be a bad idea to start a theatre myself, and in 1871. I opened the first theatre in this city, converting the old Market hall into a temple of Thespis.

EARLY STARS.

"I had a stock company, of course, among whom were Samue Piercy, who, had he lived, would have been one of the leading tragedians of this country. Others in the company were Miss Sarah Alexander, as leading lady; Miss May Corcoran, leading juvenile lady; Mr. and Mrs. Frank Rea, Mr. and Mrs. Harry Sinclair, Miss Nellie Cummings, Miss Pearl W. H. Graves an Charles Graham. It was in this town that Charles Vivian, who might be said to have founded the order of Ellis in this country, made his first appearance as an actor, having played the leading juvenile part in an English comedy drama called 'Time Tries All.' Marie Gaugaine, a French danseuse, who was very famous in those days, also played an engagement here.

SAN FRANCISCO COMPETITION.

"My theatre was fairly well patronized, and the performances given were specially commented upon by the San Francisco papers, as being superior to plays offered at either of the theatres in San Francisco. We played three nights a week, but our expenses ran on for the entire week. I finally came to the conclusion that I could not compete with San Francisco inasmuch as, in those days, it was very hard to change the personnel of a company.

"A CELEBRATED CASE."

"In '72 I closed the theatre and left Oakland for San Francisco and the coast. I returned in '77 bringing the Union Square Theatre Company from New York which opened here in 'A Celebrated Case,' which afterwards played so long at the Baldwin Theatre, San Francisco. This was one of the most famous aggregation that ever appeared in that city. It comprised James James A. Hearne, Forbes Robertson, O'Neil, James A. Herne, Forbes Robertson, F. F. Mackay, Arthur Forrest, Mrs. Farron, Rose Wood, Lena Varian, Louise Sylvester, Mollie Ravel, Mrs. Belle Douglas, Annie Adams and the now famous Maude Adams, who was then playing a child's part. She was then five years of age. This is the famous Baldwin Company which is so celebrated in the making of the dramatic history of this coast.

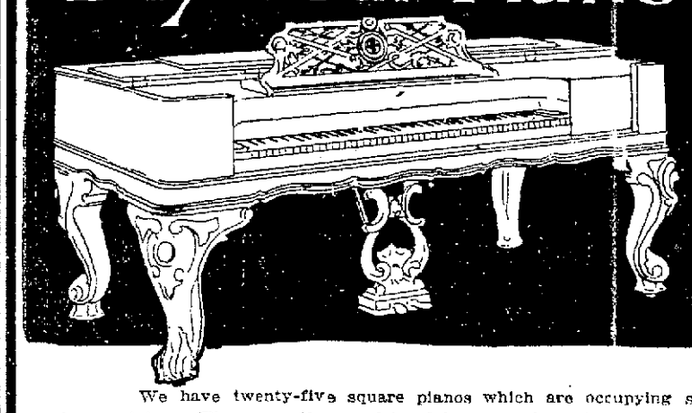

"I am now here in advance of Miss Jessie Shirley, who appears in 'A Modern Magdalen.'

FAREWELL TESTIMONIAL.

"I always remember Oakland very kindly, because, when I was leaving here the citizens gave me a testimonial benefit.

"Finding that the theatre which I managed was too small to hold the audience, the large hall of the University was placed at my disposal with the compliments of the faculty. Many actors from San Francisco theatres volunteered their services, among them being John McCullough, T. C. Williamson, Maggie Moore, Billy Emerson and others of equal note in those days. This was my last appearance as an actor in Oakland."

IS AGAIN SENT TO COUNTY JAIL.

Emma Wingate, a woman who was pardoned from the County Jail a few weeks ago by Governor Pardee, because she was alleged to be suffering from consumption, was sentenced to ninety days in the same institution by Police Judge Samuels in a charge of vagrancy.

The woman at one time belonged to a wealthy family. Love of the bottle worked her ruin. She is prematurely aged and has sapped her vitality to such an extent that it is thought that she has only a few days to live.

MORE TROUBLE FOR GASTON.

Alfred Gaston, the colored man hailing from the classic town of Berkeley, who intimidated pedestrians a few nights ago on Eleventh street by holding them up at the point of a revolver and compelling them to do his bidding, was given further proof by Judge Samuels this morning that one cannot do as one wants to. He was given an additional fine for exhibiting a concealed weapon, besides being fined $50 for carrying a concealed weapon.

WEATHER BUREAU SERVICE.

DIRECTOR M'ADIE TELLS OF CLIMATE AND CROP SERVICE.

The following is the report of Alexander G. McAdie, California, section director of the weather and crop service for the past week:

"The weather during the week was warm and generally favorable for growing crops. Rain fell throughout the State, varying from one inch in the southern districts to over five inches in portions of the northern section. The heavy rains in Northern California caused a rapid rise of rivers and creeks, which overflowed their banks and flooded much valuable farming land. At Marysville the Yuba river reached the highest point ever recorded.

"On the low lands along the Sacramento, Yuba, Feather and other northern rivers the flooding of the grain fields will undoubtedly result in great losses, the extent of which cannot yet be even approximated. On the higher lands of the northern section and in nearly all other parts of the State the rainfall was beneficial, and crop prospects are better than at any time during the season. Grain is making rapid growth and looks strong and healthy. The acreage in the southern districts is being increased and the outlook there is considered very good. Green feed is plentiful in nearly all places, and cattle are generally in good condition. There is said to be some danger that the floods have ruined hop fields in portions of the Sacramento valley.

"There has been but little injury to orchards and vineyards this season by frosts, and fruit prospects are excellent in all parts of the State. Almonds, apricots, peaches and plums are in bloom in many places and other varities of deciduous fruits are commencing to bud.

SACRAMENTO VALLEY.

"Warm weather continued during the week and rain fell nearly every day. Rivers and creeks overflowed their banks, flooding the low lands and causing great damage to crops and railroad property. The Yuba river at Marysville was reported the highest ever known. The damage to the grain crop cannot yet be estimated, but as many thousand acres were flooded the loss will probably be heavy. All farm work has been suspended and cannot be resumed for some time. On the lands not reached by the floods grain looks strong and healthy and is making excellent growth. Grass is growing rapidly and pasturage is abundant. Orchards and vineyards are in good condition. Almonds and apricots give indications of a large yield.

COAST AND BAY SECTIONS.

"The weather during the week was warm and favorable for crops. The rainfall extended to all sections, varying from about one inch in the southern districts to nearly five inches at Healdsburg. Crop prospects in the southern section were greatly improved by the rain, and grain and grass are now making good growth. Crops in the central and northern sections are in excellent condition, no material damage having been done by the heavy rains, and at present the outlook is good for heavy yields of grain, hay and hops. Farm and orchard work have been temporarily suspended, but good progress had been made before the rains. Orchards and vineyards are doing well and give promise of large crops. Almonds are in full bloom at Vacaville.

SAN JOAQUIN VALLEY.

"Cloudy warm weather with light showers prevailed during the fore part of the week, and fairly heavy rain and cooler weather the latter. The rain in the latter part of the week was the heaviest of the season. These conditions have been most favorable for all crops, and the ground is in excellent condition, except in the extreme northern portion of the valley, where the low lands and islands are flooded. Up to the present time but little damage has been reported, and the effect of the high water on the crops is as yet unknown. Grain and green feed are making rapid growth. The green acreage in the central and southern portions is light. Stock are improving, and green feed will soon be plentiful. Almonds and some plums are in bloom and other deciduous buds are swelling.

SOUTHERN CALIFORNIA.

"Clear, warm weather prevailed during the first of the week and crops made good growth. Heavy fogs along the coast were frequent and very beautiful. Rain at the close of the week, in some places amounting to over one inch, will greatly improve the condition of the soil as well as early sown grain, grass and orchards. Grain is looking very well in most sections and it is probable that a fair crop will be raised. Plowing and seeding are in progress in some places. Pasturage is steadily improving, and will soon be plentiful. Early potato planting has commenced in the vicinity of Anaheim. Orchards are in excellent condition.

LOS ANGELES SUMMARY.

"Warmer week, with rain Saturday, caused vegetation to make good growth. Feed is plentiful in some places, but some say that heavy rains are still needed. Deciduous trees are leafing; peaches and almonds are blooming in places.

EUREKA SUMMARY.

Continuous rains and moderately low temperatures hard on stock; some losses of sheep and lambs. Some plowing on high levels, but bottom lands are too wet for cultivation.

TEMPLE OF MUSIC IN CHICAGO.

CROWNING ACHIEVEMENT OF CAREER OF THEODORE THOMAS.

CHICAGO, March 2.—The Record-Herald says:

The movement to build a music hall and make the Chicago Orchestra permanent, the crowning achievement in the life of Theodore Thomas has succeeded and the concerts are to become a perpetual institution. Information to this effect has emanated from unquestionable authority, although the trustees themselves say they are not yet ready to make definite announcement.

Although the new hall is an assured fact, the entire amount needed, $750,000, has not been raised, the subscriptions have passed the $650,000 mark according to friends of the orchestra and the total is so near the required amount it is believed there will be no question of raising the remainder.

HER COMING.

Today I met her—Spring—
Tender, rapturous, sweet-lipped thing!
I kissed her eyes and she smiled again,
Smiled through her tears as sunlit rain.
I've walked with her all this wondrous day,
Whispering secrets, lover-way;
She knows the pain of my Winter heart,
Prisoned in grim town walls, apart
From the riotous, vagabond god, young Pan,
Whose child I've been since the world began:
Knows how my fretter spirit cried
For upland hopes, green spaces wide.
I laid my head on her perfumed breast,
Where the early blossoms cling softpressed,
And the sky seemed set with violets—
Oh, Love remembers and Love forgets.
Could you not hear her—Spring—
Bidding the homesick birds to sing?
You did not see her face, you say?
The birds were mute, the skies were gray?
Poor holden sense!—She called to me
Till I thrilled with passionate ecstasy.
Today I met her—Spring—
Wild, alluring, flower-eyed thing!

RHEUMATISM THE PLAGUE OF OLD AGE

Nearly every old person is troubled more or less with Rheumatism, and the fewest number escape its tortures. Many are bent and deformed and physically disabled by the awful misery and suffering inflicted upon them by this fearful scourge. While the young, vigorous and strong are not always exempt, it seems that the old are the chief sufferers from Rheumatism, that it is a disease peculiar to old people and the plague of old age.

One may be born with a strong predisposition or tendency to Rheumatism; it may run in your family; father or mother may transmit it to their children; but while the blood flows pure and strong through the veins and all the vital powers are in perfect condition, Rheumatism rarely develops; but as we pass the meridian of life the digestion becomes impaired, liver and bowels sluggish, and the system clogged with poisonous matter; then the blood becomes polluted and tainted, too acid and sour, grumbling pains and frequent aches are felt in the muscles and joints, and before you realize it Rheumatism has you in its clutches. The disease may settle in the large muscles of the back, neck or thigh, the joints of the legs and arms, fingers and toes, or it may confine itself to no particular spot, the pains darting from one muscle to another, striking one joint to-day and another the next, with redoubled fury. It is an insidious, sneaking disease. You may be up to-day and in bed to-morrow; the pains may be constant or occasional; but for all that Rheumatism in its various forms is produced by the same causes, and comes from the same fountain source—a too-acid blood and general disordered condition of the system.

The pains and aches, throbbing muscles and swollen joints, are helped by the application of plasters and the use of liniments and salves; but these things do not reach the hot, feverish blood nor touch the real cause of the disease, and for this reason only partial relief comes from their use. The treatment should be both internal and external. The riotous, acid blood must be purified and brought back to a healthy, normal condition, the accumulation of poisonous matter in the system checked, and vigor and strength restored to the sluggish, torpid organs; and while S. S. S. is doing this the simple home remedies, liniments and lotions, rubbing and blistering, may be applied for the temporary relief they afford to the aching muscles and joints.

S. S. S. is a blood purifier and tonic combined; it makes the polluted blood rich and strong; it builds up the general health, improves the appetite and digestion, strengthens the nerves and restores the disordered system to a healthy state. It is composed exclusively of roots and herbs, and does not contain a single mineral ingredient or strong drug of any description. S. S. S. has been in use for many years, and has been tested in thousands of cases of Rheumatism, and the best proof of its merit is the fact that the sales are larger to-day than ever and the demand greater than ever in its history. S. S. S. for the blood is guaranteed purely vegetable.

If you have Rheumatism, a fair trial will convince you of its power over this painful disease, and you may yet spend a painless, healthy old age. Write us about your case, and our physicians will advise you without charge. We have a special book on Rheumatism which is mailed free to all wishing it.

OFF AND ON FOR TEN YEARS.

Mt. Vernon, Ohio, May 25, 1903.

Last January I was severely troubled with Rheumatism. I had it in my arms, shoulders, knees, legs and ankles, and one that has ever had Rheumatism knows how excruciating the pain is and how it interferes with one at work. I was truly in bad shape, having been bothered with this trouble, off and on, for ten years. A local physician advised me to use S. S. S. I did so. After taking two bottles I noticed that the soreness and pain was greatly reduced. I continued the medicine, and after taking six bottles I was thoroughly cured, all pain, soreness and inflammation gone. I unhesitatingly recommend it to all rheumatic sufferers.

O'HAIRE MAY NOT SUE BURNS.

INJUNCTION GRANTED IN MANY-SIDED SUIT MINING LITIGATION.

COLORADO, SPRINGS, Colo., March 2.—Judge Seeds in the District Court has granted James F. Burns, the prominent mining man a permanent injunction against J. D. O'Haire restraining the latter from prosecuting in the courts of Pottawattomi County, Iowa, a suit for $30,000. O'Haire's attorneys claim that the local court had no jurisdiction in the matter but the court decided that both parties being citizens of Colorada, he could restrain one from suing the other in another State if the grounds justified. O'Haire sued for damages charging that Burns had defrauded him in the original deal in regard to the Portland mine at Cripple creek.

O'Haire, James Doyle, Burns and J. J. O'Driscoll were prospectors together at the time the great Portland mine was discovered. All three have at different times charged fraudulent action in the filing of the papers showing the location of the mine. The suit started by O'Haire in Iowa is a repetition of suits filed and tried in the courts of Colorado, it is alleged. An appeal to the State Court of Appeals has been taken.

MORGAN IS IN SAN FRANCISCO.

SAN FRANCISCO, March 2.—Edwin V. Morgan, United States Consul to Dalny, arrived here today. At present, the Russian government is unwilling to receive a representative of this country at Dalny so he will he will remain in this city for some time afaiting instructions. He said in an interview:

"I do not consider that Russia's refusal to receive a Consul of this country at Dalny is at all unfriendly as she has informed the United States it would be impossible to extend to our republic the courtesy that is customary between friendly nations. At present, the harbor of Port Arthus is blockaded by Japanese troops and Dalny is likely to suffer for want of supplies. The United States has no consulate at that port and I believe if conditions were different the Russians would be only too glad to receive us.

JAPAN CLAMORED FOR WAR.

SECRETARY OF THE JAPANESE LEGATION TALKS IN CHICAGO.

CHICAGO, March 2.—Eki Hioki, first secretary of the Japanese Legation at Washington and Tosaburo Kadoya, of the Yokohama Specie Bank have arrived at Chicago en route from Yokohama to Washington. Secretary Hioki was one of the first Japanese commissioners who drew up the treaty between China and Japan at Shanghai last fall, which, like the American treaty with China, provided for the opening of the ports of Mukden, Antung and Tatungkao.

"On many points, the Japanese Government and the United States seem agreed," said the diplomat. "They are united on the open door policy and the integrity of China. Japan and the United States would suffer most from the acquisition of parts of China by Russia. The Russian policy in Manchuria seems to be to exclude all other nations.

"The impression among my people is that the government did not go to war quickly enough. They clamored for it long before hostilities began. The people will do all in their power to support the government. Even the school children are helping to provide funds for carrying on the war."

WILL LODGE A COMPLAINT.

LONGSHOREMEN CLAIM THAT TEAMSTERS WORK WITH "SCABS."

ALLIED PRINTING TRADES UNION LABEL COUNCIL OAKLAND, CAL.

Considerable interest is being shown by outsiders in the complaint to be made against the Material Teamsters' Union to the District Council of Teamsters. The Longshore Lumber Handlers claim that the teamsters are working with non-union longshoremen in the Humboldt Lumber Company's yard.

The officers of the Longshoremen's Union claim that the International Brotherhood of Teamsters will not allow its men to work with non-union longshoremen. The two Internationals have always been very close in the East and have gone through many strikes together.

It is expected that the local District Council will reflect this friendship by refusing to sanction the employment of the material teamsters hauling lumber handled by non-union men.

N. P. Nielson, patrolman of the Longshore Lumber Handlers' Union, stated yesterday that but six men remained in the Lumber Clerks' Union, the other seventeen having applied to the longshoremen's organization for admission.

The Building Trades Council has threatened to place a boycott on those firms that discriminate against the working card of the organization. If the Council attempts this step an injunction will be placed on the Council. The matter will then be aired in the courts.

The longshoremen are in favor of this feature, as they claim right and justice on their side. The longshoremen are of a mind that it would be an injustice to make any firm suffer on account of the disagreement of two unions. The injunction will restrain the Council so that a small body of men cannot dictate to an international union.

The Building Trades Council met last night, but the Council was instructed not to give out what transpired in the meeting, so it is not known if the boycott will be placed by that organization.

BOX MAKERS.

The Box and Cabinet Makers' Union met in Cooks and Waiters' Hall last night. The committee on arrangements reported that work was going along nicely for the benefit to be given by the union at Peck's Theater Wednesday, March 23.

It was erroneously stated a few days ago, in reference to the box makers' new wage schedule, that the average wage for a box maker was $1.25 a day. The correct pay is about $2.25 a day.

The union initiated one new member and received one application.

The boycott was reported still on at the Eagle Box Works.

COOKS AND WAITERS.

Today the theater belonging to Mr. Peck will be occupied by the Cooks and Waiters. The sale of tickets has been large. Among the special entertainers billed for the day's performance is Foran the magician. His work is of a high-class and very entertaining order.

BOOT AND SHOE WORKERS.

Charles Petery addressed the Boot and Shoe Makers' Union last night. The union is working quietly in reference to unionizing what "unfair" shoe shops remain.

MACHINISTS.

The machinists listened to an able address by W. H. Leonard, in behalf of the striking miners of the Cripple Creek district of Colorado. A liberal donation was made by the organization at the close of his remarks. The meeting was held in California Hall.

BUILDING TRADES' COUNCIL.

A regular meeting of the Building Trades' Council was held in Kohler & Chase Hall last night. The council ordered that no news of the meeting should be given to the press.

Manuel Rodrigues, president of the Brickmakers' Union of Pleasanton, was seated as a delegate to the council.

SAN FRANCISCO PAINTERS.

W. E. Seally, State organizer for the painters, was called to San Francisco Tuesday on official business. It is reported that members of the painters' unions in San Francisco are declaring their allegiance to the unions recognized by the general executive board of the Painters, Decorators and Paper Hangers of America. The differences are small as results now show.

TEAMSTERS NO. 70.

A regular meeting of Teamsters' Union No. 70 was held Tuesday night in the Teamsters' Headquarters. Work is still being done on the report from the benefit given last Wednesday evening in Peck's Theater. Two members were initiated.

BARNES ON TRIAL FOR GRAND LARCENY

The trial of W. E. Barnes, charged with grand larceny, was begun this morning before Judge Hall and a jury. Barnes has succeeded in achieving notoriety through his numerous experiences of getting in and out of jail within the past few months.

He was first arrested on the complaint of Mrs. Anna B. Hughes, who charged him with having stolen $100 and a gold watch from her and going on a spree in San Francisco. He was arrested and then, in order to keep him from trial for his offense, secured his release on bail and married him.

He has been in jail several times since, but recently drove away with a horse and buggy and was arrested and charged with grand larceny.

Attorneys for him this morning asked for a continuance of the case in order to get the testimony of the keeper of a sanitarium where he was once confined with a view to proving that he was rendered mentally incompetent by liquor.

The request was denied by Judge Hall and the trial proceeded with.

ELDRIDGE WANTS MERCY OF COURT.

In a plea for mercy, this morning, W. E. Eldridge of Haywards accused of having been drunk, combined the elements of pathos, desire for liberty and some little eloquence. It availed him naught, however, and Judge Samuels fined him $4 with the alternative of spending two days in jail.

"Your honor," he said, "I don't know how I got drunk. I must have been drunk or the policeman would not have arrested me. I was sick yesterday and took some medicine. It must have gone to my head instead of my stomach for I do not remember anything else. I don't know how I got into jail. I hope your Honor will let me off."

The Judge did not see it that way, however, and found him guilty.

MINSTREL DIXIE DEAD.

PHILADELPHIA, March 2.—Edmund F. Dixie, a once famous minstrel, died today at his home of congestion of the lungs.

ODDFELLOW LOSES HIS MIND.

SAD SCENE WITNESSED AT THE MEETING OF LODGE LAST EVENING.

Members of a local Odd Fellows' lodge were placed under the necessity this morning of having to prefer charges of insanity against one of the members of their own organization.

A. B. Jamieson, a solicitor living at 940 Myrtle street, visited the lodge last night and, under the head of "the good of the order," was called upon by the noble grand for a speech.

Jamieson responded and would probably have been talking yet if he had not been put into the custody of an officer and sent to the detention ward of the Receiving Hospital.

It developed that Jamieson has been in an asylum before and had been discharged. He began his speech rationally enough but, under the effort, his self-command gave way and his talk turned into a wild harangue. It was some time before the astonished members realized what was the trouble with their brother. He was led out of the room and given into the charge of an officer, who took him to the hospital. This morning he was very violent and resisted the efforts of Steward Page and Deputy Sheriff Murdock to take him into court and had to be placed in a straight jacket.

His examination was set for tomorrow afternoon at one o'clock.

WIRE WORKER'S ARM TORN LOSE

ERNEST AUSTIN, YOUTH OF 18 YEARS, MEETS WITH SERIOUS ACCIDENT.

Ernest Austin, an eighteen-year-old boy, residing in San Francisco, near the Presidio, but working in the Pacific Steel and Wire Works, in East Oakland, was caught in the machinery this morning and so seriously injured that his left arm will have to be amputated.

The injured young man was working among the belts and pulleys when his clothing suddenly caught in the machinery. Before he could be released from his perilous position his left arm was so shattered that it will have to be amputated.

The accident occurred at 9:30 o'clock this morning. The injured workman was taken to the office of Dr. E. R. Sill, who will perform the necessary operation.

As soon as young Austin can safely be removed he will be taken to his home in San Francisco.

Austin made his home in this city with A. J. Butler at 1212 Twentieth avenue.

LARGEST LICENSE MONTH FOR CITY

License Inspectors Meek and Franke collected for the city this month $12,587.50, this being the largest single month's receipts in the history of the city. This amount includes licenses from all sources.

The principal item is saloon revenue. About 120 of such licenses were collected.

MRS. W. BARTLETT PASSES AWAY

DECEASED WIFE OF WELL KNOWN EDITORIAL WRITER OF THE COAST.

Mrs. Amelia M. Bartlett, wife of Dr. William C. Bartlett, died yesterday at her residence, 477 Prospect street, aged 76 years.

She was a native of Connecticut, but had resided in this city for the last thirty-five years. Besides a husband she leaves a son, Albert L. Bartlett. The funeral will be held Friday at 10 o'clock from her late residence.

The husband of the deceased is a well known editorial writer of the Pacific Coast, and at one time was a member of the editorial staff of the TRIBUNE.

CATCH BREEDON AT LAST.

POLICE RUN DOWN MAN WHO FLED TO MEXICO RECENTLY.

Word has been received from Marysville by Chief of Police Hodgkins that Walter Breedon, the defaulting secretary of the Knaresborough Lodge of Foresters of that city (colored) that he was taken into custody there last night. Breedon became a fugitive from justice in July last. He is accused of having appropriated $250 of the lodge's money and to have fled to Mexico. He recently returned from the Southern republic and has been in the vicinity of Sacramento and other places for some time. Several traps were laid to effect his capture but he avoided all of them.

Knowing that Breedon had a relative in Marysville the police wrote the authorities at that place requesting that he be taken into custody if he appeared.

The complaint charging Breedon with embezzlement is sworn to by John Wilds, editor of Sunshine, the organ of the colored people.

FOUND DEAD IN A CHAIR

FARMER OF REDWOOD EXPIRES AT AN EARLY HOUR THIS MORNING.

Stephen B. Smith, a farmer residing in the Redwood Canyon, was found dead at an early hour this morning seated in a chair in front of the Redwood Hall.

How he came to his death is not known. An autopsy will be held tomorrow.

He was forty-nine years of age and was a native of Missouri.

WILL TRY CAUSSE ANOTHER TIME.

The jury in the case of Marcuse Causse, a young Frenchman, accused of vagrancy, disagreed yesterday evening after having been out for eight hours. The jury went out in the morning but did not come to the conclusion that it was possible to agree until late in the afternoon. Judge Samuels then ordered the discharge of the jury. Causse has had a career for one so young. He has been accused of several grave offenses but has always escaped without severe punishment. He is a good looking young man, fashionably dressed and has anything but the appearance of a vagrant or criminal. He will be tried again on March 15.

FARMERS CONVENE IN NEBRASKA.

OMAHA, Neb., March 2.—When the Farmers' Co-operative Convention convened today the delegates who yesterday left the hall again joined forces with the majority. The constitution and by-laws presented by the executive committee were adopted without dissent and a board of nine directors elected. H. N. Gaines of Topeka, Kansas, was made chairman of the board and was empowered to proceed with the incorporation under the name of the Farmers' National Exchange Company. Nearly all the delegates present subscribed for stock.

SENATE WILL REPORT.

WASHINGTON, March 2.—The Senate Committee on Interoceanic Canals today agreed to report the nominations of the Panama Canal Commission with a favorable recommendation. The Kittredge bill for the canal government was referred to a subcommittee.

SAY FUMES HURT VEGETABLES.

GARDEN TRUCK GROWERS AND SMELTERS FIGHT FOR EXISTENCE.

Alameda vegetable growers and the Pine Smelting Company are fighting a battle for existence before Judge Ogden today. The vegetable growers doing business under the firm name of the Alameda Vegetable Company formed by a copartnership of C. Grondona, C. Carpanetto, J. Carpanetto, P. Stecore and G. Cerozetto some months ago, secured a temporary restraining order keeping the smelter from continuing its operations, on the grounds that sulphuric acid or sulphurous acid gas and fumes are generated and liberated in large quantities sufficiently great to injure the surrounding vegetation.

There are about twenty acres of land suitable for the growing of vegetables in the vicinity of the smelter, and it is claimed that the wind blowing from San Francisco bay takes these fumes over the surrounding country and has practically rendered useless this tract of land. The Alameda Vegetable Company asks $3891 damages and a permanent injunction against the operation of the smelter.

In their bill for damages the Alameda Vegetable Company asks pay for 120 boxes of potatoes, valued at $130; 400 celery roots, $20; 80 boxes of summer squash, $60; 400 bunches of German spinach, $16; 550 dozen table carrots, $40; 11,000 celery plants, $55; 6000 cabbage plants, $24; 2070 dozen turnips, $155; 150 sacks large carrots, $150; 896 dozen beets, $65; 1845 dozen parsnips, $125; 2860 dozen lettuce, $310; 1066 leeks, $25; 1100 bunches of French carrots, $75; 800 cabbages, $40; 2240 bunches of onions, $55; 2500 bunches of oyster plants, $10; 110 dozen Roman lettuce, $16; 3 acres of asparagus plants and roots, $2400.

The Pine Smelting Company is conducted by Patrick W., Edward and George H. Pine. Their claim is that it is the salt water and not the fumes of the smelter, that has ruined the vegetables of the gardeners. They are resisting the petition for a permanent injunction upon this ground, and also that the narrow gauge railroad track runs through these lands and the smoke of the engines and smoke from the oil and pottery works were also injurious to plant life.

A VIOLENT DEATH.

REV. WILLIAM T. BEAL,

The missionary, 89 years of age, who was crushed to death yesterday by being run over by a wagon at the corner of San Pablo avenue and Twenty-first street.

William T. Beal, the aged local minister in the Methodist Episcopal Church, who was run down and killed on San Pablo avenue yesterday by a wagon driven by Rollin Blakely, a 19-year-old boy, was 89 years of age and leaves a family of four children. He resided with his daughter, Mrs. Charles Stegmann, 942 Myrtle street. The other children are W. W. Beale, Citrus, Inyo county; J. F. Beale, Maltby, and Mrs. A. J. McMurtry, Manila.

The date of the funeral has not yet been decided.

Young Blakely, who was arrested after the accident, has been released by the police on his own recognizance.

According to his story, he was driving along San Pablo avenue. On reaching Twenty-first street, he put his whip away overhead, momentarily losing sight of the street. One of his horses, he says, sailed just as he lowered his eyes, and struck a man. Blakely immediately stopped his team and assisted the injured man to a chair. He then rang for the patrol wagon to take the victim to the Receiving Hospital. The victim of the accident died en route.

An inquest will be held next Friday evening at 8 o'clock.

Blakely appeared this morning in the Police Court on the charge of manslaughter, but the case was continued until March 4.

MOUNTED POLICE PROTECT LABORERS.

ST. LOUIS, March 2.—Under the protection of five mounted police, fifty men were taken into the World's Fair grounds today and put at work in place of the striking laborers on roads and track grading and landscape work.

HARRISON CONTROLS THE DEMOCRACY.

SPRINGFIELD, Ills., March 2.—By a sensational bit of strategy today the control of the political auxiliary organization, known as the Cook County Democracy, was obtained by the adherents of Mayor Harrison. The victory was achieved by a legal ruse.

With a demand for incorporation as the Cook County Democracy, John Powers and other friends of the Mayor appeared today before Secretary of State Rose and showed that the charter held by the opponents of the Mayor had become invalid for non-compliance with the law requiring corporations to make annual report to the Secretary of State. A license was thereupon issued to Powers, who thus regained control, from which he had recently been ousted by a court decision upholding the anti-Harrison faction.

JUDGE REFUSES PAPERS.

SAN JOSE, March 2.—Judge Tuttle today refused to grant naturalization papers to Frank Serpa, a Portuguese farmer who had come to this State when a boy, it appearing that Serpa, notwithstanding his long residence here could neither read nor write the English language.
